

Is there anything sweeter???

28 Sept 2014

Than...sleeping to the sound of a mild breeze, the low rumble of thunder, flashes of brilliant light and rain dancing on the metal roof...awakening to the bright orange, pink, and yellow rays of light as the sun peaks over the palm tree dotted bush with all the sounds that Uganda has to offer thickening our ears.

But with all the wonderfulness that our physical senses can take in there is something sweeter, something that has touched our heart and our soul....the sweet aroma of our Lord and Savior, who has laid before us such a privilege to be here and serve Him by serving others.

After weeks of prayerful preparation, research, writing and rewriting the curriculum for the Community Health Outreach: School Health Mentor Program we begin teaching tomorrow. We have spent our first several days here doing some final preparation and reviewing with the ministry staff here. The curriculum includes: Biblical foundation for good health, germs (what are they, how are they transmitted, and treatments), our body, diseases, prevention and community outreach. Each session is full of material, activities, and labs. This is a work in progress and will be continually refined as the next week and a half unfold. The goal that God has given us is to train and raise up youth who are committed to making a positive change in not only their health and well being, but in their classmates, families, and their community.

*"For there is one God, and there is one who brings God and mankind together,
the man Christ Jesus" 1 Timothy 2:5*

Thank you for your continued prayers!

Cindy and Rhonda
