OLD BUSINESS – We received two quotes for the feasibility study on E Lake Miltona Road, WSN and LandTeam. Tom will contact WSN for more information on theirs to clarify a number in question. Steve talked to David and Wade about the Miltona Bay Road and driveway on the west side has hump coming into the road, we bladed the road to repair crown and wait until spring until the two parties work it out.

NEW BUSINESS – Randy Dertinger, representing ROAR ATV Club, presented information to the board for an ATV Trail through the township with a goal from Nelson to Parkers Prairie. County is on board and he has talked to other townships with no objection. He will continue to pursue the trail with township approval and will keep us informed on their grant and information as he works on the project. Noble Lane was cleaned up and bladed and we were not charged for the work. A request from the Historical Society for funds based on our population, this is an annual meeting request

Floor- Mrs Joachim was in attendance to ask about the snow removal on Hidden Valley Road and if something could be done to improve the situation. We will contact Leaf Valley and work on this. No information was received on the natural gas project coming into Miltona, or if this is just discussion and no implementation as of yet. We received a phone call about water that seems to be rising on the east side of the Hamms Creek culvert and could be beavers damming it up. David will look into the problem. Next meeting is scheduled for Tuesday, December 5th due to scheduling on Monday. Motion by Jerome to adjourn, seconded by Steve, motion carried 3-0, 7:54 pm.
