

SERIES CBS, CU, CCS, CSS & CH THREADED BALL VALVES

ViNtrol, Inc.

PROVEN PERFORMANCE • WORLD CLASS PRODUCTS

ViVtrol, Inc.

ViVtrol offers a complete solution for your flow control applications. ViVtrol products serve many of the leading Petroleum & Industrial companies and are the result of decades of innovation in the Oil & Gas industry. Our designs are proven performers in the harshest of environments.

The ViVtrol brand means quality and reliability you can count on. Our state of the art manufacturing facilities have achieved ISO 9001 certification. ViVtrol Threaded Ball Valves are produced in conformance to industry standards and our customer's demanding service conditions.

ViVtrol products are marketed and sold worldwide by an experienced team of domestic and international field representatives. Our sales force works closely with these representatives to ensure our customer's expectations are met or exceeded. A network of authorized distributors stock ViVtrol products for immediate delivery to the oil and gas and industrial marketplace.

ViVtrol Series C Threaded Ball Valves

SERIES CSS & CCS

Our Seal-Welded Stainless Steel and Carbon Steel Full Port Ball Valves are designed with your safety in mind All valves are manufactured to meet the requirements of ANSI B1.10.1, NACE MR0175, and Fire Safe. Sizes range from 1/4" to 2" in pressures up to 2000 psi.

Features include

- 316SS Ball and Stem—Blow out Proof Stem—Adjustable Packing Gland
- Locking Lever Handle — Actuator Mounting Pad — Seal Welded Body/Adapter

SERIES CU

- One Piece Construction offers the safety of wrought steel design in a large port
- Configuration. Sizes range from 1/4" to 2" and pressures up to 2000 psi.

Features include

- 316SS Ball and Stem — Blow out Proof Stem — Adjustable Packing Gland —NACE Trim

ViWtrol Series CBS-Brass Ball Valves

TWO PIECE BRASS LARGE PORT SCREWED END BALL VALVE

- Heavy Duty Forged Brass Construction/Steel Handle
- Blow-out Proof Stem
- Adjustable Packing Gland
- Brass w/Hard Chrome Plated Ball
- 600 PSI W.O.G. 1/4" - 2"
- 400 PSI W.O.G. 2 1/2" - 4"
