

VAN LAKE NEWS

HAVE A SAFE AND FUN SUMMER!

Golf Cart Safety

Concerns have been raised about the safety of minors operating golf carts on local streets. The streets in Van Lakes are private roads but the board acknowledges that according to Florida Statutes 316.212.(7) *A golf cart may not be operated on public roads or streets by any person under the age of 14.* The board deems this applicable to our streets as well. If you have a golf cart, please make sure the operator is at least 14 years of age. Residents have reported close calls with golf carts and they don't want to see anyone hurt nor suffer from such a liability.

the boat dock!

Boat Ramp Keys

NEW LOCK AT THE BOAT RAMP

There has been a new lock installed at the boat ramp area. The keys and lock have special security features. Like the keys to the old lock, these cannot be duplicated.

Each home is eligible to receive one free key. To eliminate the liability of non residents using our facility, the board needs the information of the vehicle that will be using the ramp. Please have the your vehicle make, model, tag number and VIN available to receive your key.

Call Beth at 967-6805 to make arrangements to receive your key and provide the necessary vehicle information.

One warning, if you lose your key, a new one will cost \$100.
