Welcome to the 44th Annual St. Luke Auction!

On behalf of all students and staff at St. Luke Catholic School, I thank you for being here at the 2023 St. Luke Auction, SADDLE UP FOR ST. LUKE: GOD HAS THE REINS!

Tonight's round up is a celebration of the incredible community that supports the mission of our school. Our students and generations of future St. Luke students are counting on us to continue the work that helps form them as young people of faith in action. They are the reason we are here tonight!

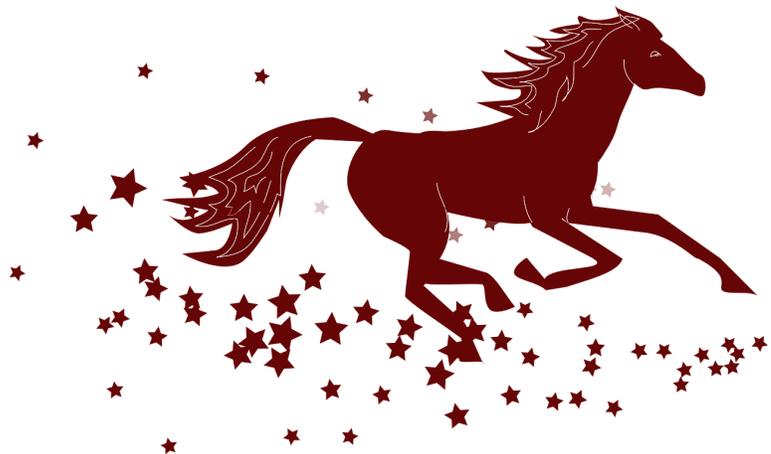

Enjoy a rootin' tootin' evening with our young cowboys and cowgirls in your minds and hearts. Mosey on over to the silent auction to be sure you go home with some loot, fetch yourself a trip to remember with your winning live bid, and ride out of town knowing you've helped further the goals of our school. We're much obliged!

I am more than humbled by the incredible ways our community has SADDLED UP FOR ST. LUKE and contributed to all aspects of this auction. Thank you to every family and business who became a sponsor, donated items, purchased raffle tickets, gave of their time, attended this event, and offered their prayers. Thank you to all St. Luke parents, especially those in subchair positions, for adding to your already busy lives for the good of the school. I'd like to extend a special thank you to long-time chairs, Amanda Burlingham and Gena Rains for their years of dedication and love toward this event. Tonight's success is in large part due to their time, talent, and spirit of endless giving.

May your night offer you a chance to dust off your boots, tip your hat to good friends, and hoot and holler in support of the meaningful work of St. Luke Catholic School as together we SADDLE UP FOR ST. LUKE!

Many thanks and prayers,

Becky Williams, Principal

#16: Raise Your Paddle: Lights on for Literacy

An incredible amount of learning finds its roots in reading. Skills of literacy develop out of strength in reading, and through these students become strong writers, speakers, critical-thinkers and apply learning in all subject areas to everyday life. Literacy turns a light on for learning. This year's Raise Your Paddle aims to support and strengthen our young readers and improve the setting in which they learn to read. The reading program used at St. Luke since the early 2000's has been retired by its publisher and lacks current research-based elements for developing readers. With tonight's contributions, we intend to purchase a three-to-five year subscription to an updated program, including textbooks, supplies for small groups, and online student activities. In addition, we hope to begin a \$20,000 project of retrofitting our classroom light fixtures for LED bulbs.

Help us turn the lights on for literacy!

For the larger projects there's a free standing, two sided art easel complete with two rolls of paper for the dispenser; one plain and one long color sheet! Play time comes with a board game, a wall-friendly dart board, and hopscotch on the area rug. For quiet time, a pop-up circus tent sets the stage for a perfect little reading nook. Let the fun begin!

In Recognition...

On behalf of the St. Luke Parent Club, we would like to recognize all pastoral, custodial, administrative and school staff– especially our dedicated teachers, who work tirelessly and without complaint to ensure a safe and clean environment in which to foster Catholic education.

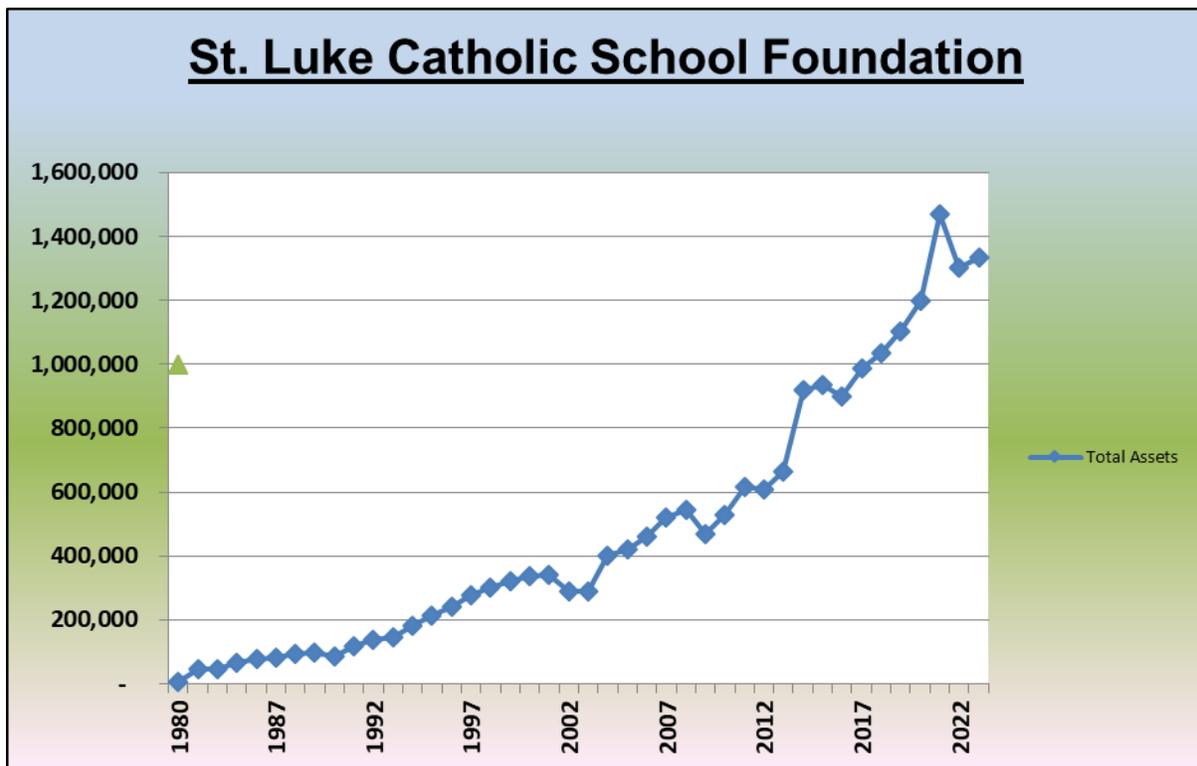

We would also like to take this time to reflect on the generosity of the people who in the past 44 years have shared their time, energy and talents with us. We are blessed to have such a supportive community that comes together each and every year to make the St. Luke Annual Auction and Dinner a success.

St. Luke Catholic School Foundation

“Round Up” for the Foundation at check out tonight!

After 8 years of uninterrupted growth by the St. Luke Catholic School Foundation, the markets delivered a year of negative investment returns. In spite of the setback, the foundation has been able to successfully deliver support to the school by holding in reserve, a portion of the earnings from years of out sized earnings. The other news that belies the chart below, is that further investment by our donors has continued. Mr. Weston, Portland area philanthropist, has matched the generosity of our donor community for the past 18 years, providing more than \$300,000 in matching funds. The Weston challenge grants are ongoing. Your contributions tonight as well as support from annual appeal donors, memorial gifts and bequests, ensure that we meet these challenges each year.

Not represented in the chart below, is the more than \$940,000 in earnings that have been provided to the school over the past 30 years. Starting with \$5,000 in seed money from the school's parents club in 1980, donors in the intervening years have quietly and steadily continued the work of building this resource. We are grateful to each and every contributor and encourage your ongoing support.
