

## Management Consultation Services

### **Horizon Health's Organizational Risk Management Center<sup>SM</sup> gives managers the resources they need to navigate the modern workplace.**

Horizon Health's Organizational Risk Management Center<sup>SM</sup> (ORMC) helps managers, supervisors, and executives mitigate risk, decrease liability, and obtain immediate consultation on behavioral issues and other challenging workplace concerns.

The ORMC offers Management Resource Consultants (MRCs) who are experienced, Master's level or above, licensed clinicians who are available to consult on such issues such as performance concerns, inappropriate, hazardous or threatening behavior, alcohol or drug violations, and emotional instability. Experienced trainers provide interactive, competency based seminars designed to change organizational behavior and develop and retain leadership.

The ORMC provides you with the tools to increase employee productivity, retain and develop top talent, and decrease organizational liability and risk while improving workplace inefficiencies.

Contact us today to learn how Horizon Health can empower your people and organization to excel.

*Live Well... Work Well...* with Horizon Health.

**"We reached out to Horizon's ORMC. They helped my management team quickly address the fear and anxieties of our employees and worked with us to craft a plan to keep employees informed, supported, and productive."**
