

## Sign In Roster ASCE-SIS Meeting in Eastern Idaho

Date: March 20, 2014 Location: 8 <sup>th</sup> & Main, Boise Idaho Duration: 1 hour	Title: New Zion's Bank (8 <sup>th</sup> & Main) Building Tour  Speaker: David Bowar (Engineering Structures, Inc.)
Description: <b>David Bowar</b> of Engineering Structures, Inc. (ESI) will lead a tour of the recently completed <b>Zion's Bank Building (8<sup>th</sup> &amp; Main building)</b> in downtown Boise, Idaho. The recently completed Zion's bank building is now the tallest building in Idaho. The tour will include discussions of challenges and successes during design and construction of the new building and a close-up look at the finished structure. We appreciate the Gardner Company for facilitating the tour. Due to limited amount of space we are asking members to RSVP for this event as there is a maximum group size of 30 people for the tour. Please RSVP by responding to this email.
