

UNIQUE, The Industry Leader

UPM® Mix: The Best in Permanent Pavement Repair

UPM® Cold Mix is the Benchmark

Other Cold Mix Providers Try to Emulate

While many cold mix suppliers falsely refer to their products as being comparable to **UPM** mix, none have been able to match the high-performance of our proprietary additives.

- › **UPM** mix is specified on most major bid requests.
- › The federal government named **UPM** mix as its control material in the [Strategic Highway Research Program](#) (SHRP-H-3532 and SHRP-M/UFR-91-504) study.

We Define UPM® Cold Mix Quality as Guaranteed Performance

When too much emphasis is placed on producing the cheapest cold mix, performance suffers.

Our customers see the value and savings in higher quality material that works permanently versus buying the cheapest material, then having to spend more to repair the same holes over and over.

How Does Your Current Cold Mix Stand up to UPM® Mix?

- › The most tested material by government organizations world-wide
- › Ongoing support for the life of the material
- › Reduces total repair costs
- › Region-specific formulations that ensure **UPM** mix works
- › Nationwide field support
- › On-site training in best repair practices
- › Unmatched quality control in every mix
- › Warranty—guaranteed high performance

UPM® mix can reduce your total repair costs by delivering more value in a material that lasts. Call us today!

UPM® mix is a product of UNIQUE Paving Materials Corp.

UPM® Cold Mix High-Performance by Design

It Starts with Quality Rock

All raw materials we use in making UPM® mix are selected to meet our stringent quality standards.

Lab Testing Mix Formulation

The UNIQUE lab considers specific aggregate characteristics and regional elements to design a customized formulation. The result is a region-specific mix that works every time.

Mix is Tested Before you Use it

Before a mix can be certified as UPM cold mix, it must undergo rigorous testing in our lab as well as in the field.

UNIQUE stands behind every pound of UPM mix, every time.

Once and Done Permanent Pavement Repair

UNIQUE's proprietary additives and stringent quality control procedures for producing UPM® mix ensure that you get a pavement repair solution that will outlast the surrounding pavement. We guarantee it!

UPM high-performance cold mix has been used to permanently repair more potholes than any cold mix or cold patch in the industry. Use it to repair asphalt and concrete pavement for areas such as:

- | | | | |
|----------|--------------------|--------------|--------------|
| ROADS | BRIDGES | DRIVEWAYS | UTILITY CUTS |
| HIGHWAYS | RAILROAD CROSSINGS | PARKING LOTS | CART PATHS |

UPM mix is conveniently available in:

- › Bulk tons at approved producers
- › 2000# super sacks
- › 50# weatherproof plastic bags
- › 660# 55-gallon steel drums
- › 60# 5-gallon plastic pails
- › 24# 2-gallon plastic pails

UPM® mix is a product of UNIQUE Paving Materials Corp.
