## LEAD & COPPER RULER MONITORING AND REPORTING VIOLATION MANDATORY LANGUAGE – TIER III

### IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

The City of Teague, PWS ID# TX080001, has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we did to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During June 1 – September 30, 2016 we did not complete all monitoring or testing for Lead and Copper and therefore cannot be sure of the quality of your drinking water during that time.*

*The table below lists the contaminants we did not properly test for during the last year, how often we are supposed to sample for Lead and Copper, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.*

Contaminant	Required Sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead	3 years	20	August 30, 2016	November 16, 2016
Copper	3 years	20	August 30, 2016	November 16, 2016

#### What is being done?

We are working to correct the problem. For more information, please contact Jerry Jones at 254-739-5237 or by mail 105 South 4<sup>th</sup> Ave. Teague, TX 75860.

We collected the 20 Lead and Copper samples on November 16, 2016 and the results returned by the laboratory indicated that the levels of lead and/or copper were below the action levels prescribed by TCEQ.

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posing this notice in a public place or distributing copies by hand or mail.*
