

GULF COAST ODYSSEY OF THE MIND

ADVANCED COACH TRAINING

If you are a coach of an Odyssey of the Mind team in your first, second, fifth, or “whatever” year, you need to attend this training. Signing up is easy.

- 1) Sign up at www.gcodyyssey.com at least two days before the training. You’ll find a map to the training location at the same website.
- 2) Special breakout sessions will allow you to:
 - a) Learn to judge spontaneous problems just like tournament judges. This session is sure to help your team improve their spontaneous skills.
 - b) Discover how to help your team analyze the problem and look for possible clarifications. Teams who do this have much higher scores.
 - c) Ask questions of coaches who’ve taken teams to World finals. Hear how they coach teams to excellence.
- 3) Attend the training and bring the following with you:
 - a) note-taking materials
 - b) light jacket or sweater (dress for AC working too well or not at all)
 - c) all your questions
