The Green, Belbroughton

Work will start in March to plant 13 trees on the Village Green. The boundary with the Talbot P.H. will be cleared and a yew hedge planted. The Western boundary will have the shrubs pruned back and tidied up.

In the coming months the Working Group which included local residents will be considering further improvements to the site.

Fairfield First School Expansion: The Head advises that contractors begin some work from Monday 2nd March. This will be creating their compound and installing their welfare units. After talking with the builder he does not see a need for any contractors to park in any other areas if the village, at any point of the build, we will of course keep an eye on this.
