

Working with Susan is a wonderful experience. She is positive, thorough, easy to understand, respectful, and down-to-earth. For any interaction I have had, there has only been positive results and positive experiences. She has extensive knowledge, wonderful communication skills, and a manner that is encouraging to anyone willing to learn more about Dentrix software. I have fun with this lady when learning new tidbits!

Based on my actual experiences with you :) I'm glad that I can do something to help out since you have been such a help to me!

Love, Win
