

Promoting Responsive Health Policy • Strengthening Local Public Health

Register Now
for the Kentucky
Population Health
Leadership Institute

[KPHLI Scholar
Registration 2018-19](#)

The year-long institute's goal is to strengthen Kentucky's Population Health by improving the skills of the individuals working in the health sector including public health, health systems, and community partners. The life-changing personal and professional development experience produces skills, confidence, problem-solving abilities and connections essential to realizing leadership potential in our communities.

DATES:

April 21, 2018 to May 17, 2018 - Registration Open
Requires supervisory email supporting attendance

May 23 – May 31, 2018 - Acceptance emails

June 12, 2018 – Attend Graduation of Cohort 19 and Orientation for Cohort 20

August 22 – 23, 2018 Leadership Summit One
Pine Mountain State Resort Park

December 4 - 6, 2018 Leadership Summit Two –
General Butler Resort State Park

April 8 -10, 2019 – Leadership Summit Three – in conjunction with KPHA Annual Northern Kentucky Convention
Center/Marriott River Center

June 11, 2019 –
KPHLI Graduation
– Frankfort, KY

Fellows completing the program are awarded a certificate in Population Health Leadership.

All curriculum elements are based on individual learner development needs using the leadership development competency framework. Individual scholars form into teams or come as a team to work on health problems using systems thinking and quality improvement tools taught by institute faculty by completing a **Change Master Project**.

Scholars also develop an **Individual Development Plan** for the year informed by feedback gathered through leadership development tools and instruments facilitated by institute faculty and mentors.

There is no cost to attend the institute, however, your agency must cover the cost of your travel which includes 7-night stays at state parks (approx. \$70 per night).
