

COVID-19 UPDATE

April 01, 2020

Stars Gymnastics is taking extra precautions for the safety and well-being of our students, staff and the community. We are following recommendations and best practices from the CDC and LA County Department of Public Health, as well as the recommendations and mandates from California's Governor Gavin Newsom. We are heavily relying on the safety protocols and closure dates of our local school districts and city recreation departments.

With that being said, Stars Gymnastics is currently closed for all classes and events until further notice. Our office is also closed during the closure. All Stars families have received a financial credit in their student accounts, for the closure during our 2020 Session #2 (March 18th—April 25th). When students return, they will have funds in their account to use towards their classes. All upcoming tuition auto payment processing has been put on hold. No tuition payments will be processed during our closure.

Stars Gymnastics will reopen as soon as it is safe to do so. Until then, please stay safe. Follow the 'Safe at Home' directive and protect the lives of everyone in the community. Making the commitment to stay home and away from others, will only speed up the recovery process for our country, allowing all of us to return to work, school and other activities. PLEASE STAY HOME!

Other local community announcements:
