

Volunteer Training Opportunity

Staying Put, Inc. will receive a *Cycling Without Age* rickshaw bicycle, known as a TriShaw this Spring! This battery assist e-bike has a passenger cockpit in front of the “pilot.” We’re looking for volunteers interested in being trained to “Pilot” our TriShaw in the Spring Valley/Elmwood areas.

Once trained, you will have an opportunity to pilot during village events, at assisted living facilities, or doing local errands. Enjoy the sunshine while “checking-in” with Staying Put clients. This is a wonderful new opportunity to hear stories from seniors while offering an experience many haven’t had since childhood.

Would you love to pedal people down memory lane?

Become a Staying Put volunteer and TriShaw Pilot!

Contact info@stayingputinc.com or 715-778-5800
