

# WAYS PARENTS CAN CONTRIBUTE

1. Provide math or literature enrichment to individual students.
2. Assist in compiling, editing, and printing a newspaper of student work.
3. Share a hobby or special area of expertise.
4. Provide career exploration for students.
5. Serve as a coach for Future Problem Solving Team, Odyssey of the Mind, or Junior Great Books Leader.
6. Arrange for a guest speaker, a field trip, or a student shadowing experience.
7. Research program material for local music performances, share with the students, and transport them to a concert or rehearsal. (Same for a drama, dance, or art experience.)
8. Transport students to the library and assist in research and use of the reference room.
9. Judge contests such as Science Fairs or Mock Trial competitions.
10. Serve as a mentor to a gifted student.
11. Make slides, videotapes, and photos of student projects and activities.
12. Compile student interest inventory.
13. Assist in class projects and independent studies.
14. Assist in compiling, typing, collating, and distributing newsletters.
15. Watch for special events in the community and share information with staff and students.
16. Organize a lending library of professional materials for parents and educators.
17. Attend board of education meetings and serve on district committees.
