The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, please visit www.StarCarHR.com or call Rob Grow or Jordan Friedman. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www. HealthCare.gov/sbc-glossary/ or call (610)258-3800 x281 to request a copy.

| Important Questions | Answers | Why this Matters: |
| :--- | :--- | :--- |
| What is the overall <br> deductible? | $\$ 2,000$ individual/\$4,000 family <br> enhanced value network. <br> $\$ 4,000$ individual/ $\$ 8,000$ family standard <br> value network. <br> $\$ 8,000$ individual/ $\$ 16,000$ family out-of- <br> network. | Generally, you must pay all of the costs from providers up to the deductible amount <br> before this plan begins to pay. If you have other family members on the plan, each <br> family member must meet their own individual deductible until the total amount of <br> deductible expenses paid by all family members meets the overall family deductible. <br> both the enhanced and standard value <br> deductibles. |

An example of a benefit book can be found at https://shop.highmark.com/sales/\#!/sbc-agreements.

| What is the out-of-pocket limit for this plan? | \$0 individual/\$0 family enhanced value network. <br> \$2,500 individual/\$5,000 family standard value network. <br> All in-network services are credited to both the enhanced and standard value out-of-pocket limits. <br> Up to a $\$ 7,900$ individual $/ \$ 15,800$ family, combined enhanced and standard value total maximum out-of-pocket. <br> \$5,000 individual/ \$10,000 family out-ofnetwork. | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| :---: | :---: | :---: |
| What is not included in the out-of-pocket limit? | Network: Premiums, balance-billed charges, and health care this plan doesn't cover do not apply to your total maximum out-of-pocket. <br> Out-of-network: Copayments, deductibles, premiums, balance-billed charges, prescription drug expenses, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
| Will you pay less if you use a network provider? | Yes. For a list of network providers, see call or | You pay the least if you use a provider in Enhanced Network. You pay more if you use a provider in Standard Network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). <br> Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do I need a referral to see a specialist? | No. | You can see the specialist you choose without a referral. |

All copayment and coinsurance costs shown in this chart are after your overall deductible has been met, if a deductible applies.
