Trees may be removed if they are dead or untreatably diseased, or if they pose a legitimate risk of falling and/or causing other damage to life or property. ***Dead or diseased trees must be confirmed by a certified arborist (not a tree removal company). Tree removal requires the entire tree and stump be removed down to the ground with no remaining roots visible.***

REQUIRED: Attach photos and mark location of tree(s) to be removed on property site plan.

PLEASE NOTE: An application must be submitted each time a tree will be cut down.

If several trees are cut on the same date, only one application is needed.

This pdf is a form that can be filled out and saved by using Adobe Acrobat.

Information along with PHOTOS, a MARKED SITE PLAN, and a LETTER FROM A CERTIFIED ARBORIST.

Description of the tree(s) to be removed and location on the property

Reason for requesting removal

Removed tree(s) **MUST** be replaced with another tree of similar quality or one native to our area (ie.: oak or pine) somewhere on the same property. If tree(s) cannot be replaced, please include an explanation.

If tree(s) will be replaced, what type of replacement tree will be planted in what location.
