1. Fish shall be measured in accordance with state law. Placed flat on the measuring board with mouth closed, the fish is measured from the tip of the snout to the tail. The tail may be pinched to allow for maximum length.
2. The fisherman catching the fish shall position the fish on the measuring board. His partner is to read the measurement and record its length and weight on this form using the conversion scale to the right.
3. This weight slip must be completed and turned in to the Tournament Director, at the weigh in.
4. Belly boards may not be used. Check-It Stik is the official rule of the BSCSC.
5. To qualify for Big Bass, your largest fish must be over the lake limit and brought to the weigh in.
6. Fish length shall be rounded up to the nearest half inch.
7. There should never be an entry of 12" unless a fish is exactly 12" long. (Round up to 12 ½")
