PRESIDENT'S CORNER

As you all know we have many drain lines getting blocked. You may be able to assist us in reducing or preventing these problems and costs to our Association. Once per month (ideally) put a cup of **BLEACH** down **ALL** drains followed by a good flushing of **HOT** water. Over time this should stop the build up in your drain lines. You can also do the same with your air conditioner drain line. Of course, use your garbage disposal **PROPERLY**. Don't pour grease down drain lines. That's a **BIG** no-no. The Board thanks you for your assistance.

A Message from Justine...

Committees are a vital part of the Creciente Family. As Manager, I can't thank all the hard working volunteers enough for their assistance with various projects. At this time, I would like to thank Mr. Ken Platt, Mr. John Grier and Mr. Dick Werner for their efforts with the North Building electrical issue. This was a very serious issue that could have potentially caused a building wide electrical failure for a long period of time. Their dedication has eliminated this issue. Creciente was also able to file an insurance claim and received reimbursement for the project (less our deductible). Thank you kindly Gentleman.

Notice

We will be Pressure Washing the Garage beginning

Monday, September 12th

through

Friday, September 16th

Your assistance in moving your vehicles
will be greatly appreciated

Thank you.

DECORATING COMMITTEE UPDATE

Artist Anne Chaddock

The Decorating Committee has purchased new artwork for our hallways and social room with special thanks to Sally Hadden for finding local artist Anne Chaddock and her art collection. The Committee has selected eight different pieces of art so that each floor will have different artwork. All works are unique and tropical which goes along with our tropical island theme here at Creciente. The artist work and biography can be seen on the artist website at **www.AnneChaddock.com**. The art was purchased at a very affordable cost as our previous frames and glass were used in this project. Each piece totaled only \$63.00 which is an amazing price for a custom framed piece of art! Unbelievable! Great job Completed!

BOOK CLUB

The following is a list of Books and
Meeting Dates for the upcoming season:

November 14, 2016 - *Garden of Martyr*

by Michael C. White
