

100% Pure - Raw Hawaiian Honey

ABOUT US

Founder Malcolm Yorkston, opened the company **"Hawaiian Rainbow Bees"** on June 17, 2011.

Since then, he has focused on producing local, unprocessed, healthy Hawaiian honey, and the bees maintained by Hawaiian Rainbow Bees are located on organic farms, and serve as important pollinators for these farm locations.

From Hawaii to Gourmet Honey Lovers Worldwide, our exquisite honeys have delighted the palates of many.

In 2013, our Oahu Multi-Floral honey won First Place for our "Rainbow Blossom" at the Hawaiian Natural Honey Challenge. He has also been awarded the State of Hawaii "Seal of Quality".

Our company's honey, upon inspection and review by the state's Department of Agriculture was deemed a delicious and "Quality Product". In 2018 he became the Small Business Administration Exporter of the Year.
