

Currently, Thomas is a Trustee of the Romeoville Area Historical Society and is co-founder of the Romeoville Art Society.

His artistic hobbies are a variety of things: building/painting theater sets, producing videos, and last but not least his love of Pyrotechnics.

Thomas helps a pyrotechnic company produce firework shows for baseball games, reenactments, and of course the fourth of July.

Thomas has stated he does not draw; he does not paint but what he does do is create.

I like to create a SPACE for people with a passion for the arts to do/show their talents. The first step towards this is having an art society.

Thank You,
Thomas
