

Decorating Committee

January 15th 2016

The meeting was called to order at 1 pm by Dee Platt. In attendance: Maria Boha, Carol Kucharek, Gail Crane, Sally Hadden, Cheryl Hadden, Cheryl Thompson, Donna Wardanian, Kathy Luce, Dee Platt, Fran Grier. Wilda Gasteau entered late.

Dee told us about Sherwin Williams having an app. to see an example of what the kitchen cabinets would look like in different finishes, etc.

Also she told the committee about a cabinet re-facing in a can that has a factory like finish. It is called Cabinet Rescue from Home Depot.

Dee passed out the year in review. Attached

Sally showed pictures of carpeting from building #1 Waterside.

Dee told us that we currently have a commercial type of carpet in our hallways that is called hospitality. It is without a pile nap.

Jeff from Pro Floors, in business for 19 years, gave a presentation on carpet.

Jeff talked about Tandus, a power bonded backing product which is 6 feet wide. It is a manufactured product that has been around since 1969 and has a

Life time warranty. He said it should be dry cleaned twice a year or once a year with light traffic. When necessary use a spot remover. He recommended using a product called "Host".

The committee looked at small samples of the carpet and picked out a few that Jeff would send us larger samples.

Meeting ended at 2:30 pm.
