ECPH Restarts Monthly Newsletter

So, how you been? It has been a little while since we last got together.

It has been over a year since Emmons County Public Health has published a hardcopy newsletter, but we are happy to announce that we are back! We have all been through so very much during the pandemic and its subsequent response at the global, federal, state and local levels.

Over the past 18 months (or so) we have been busy with pandemic response that has been at the forefront of our community, North Dakota, America, and the world. We have been proud to serve our community and provide COVID-19 testing and vaccination to anyone

who wants it.

Moving forward we do anticipate conducting some of the COVID-19 activities that have helped to protect our community over the past year-plus, as well as the traditional activities that were provided pre-pandemic. We look forward to again bringing you monthly editions of "Highlight on Health" to serve as a resource for a host of topics. Be sure to connect with us on [Facebook](#) to keep in the loop for upcoming activities and events. As always, we are here to work for you!

Protect Your Pets

- ✔ Extinguish open flames.
- ✔ Remove knobs from stove.
- ✔ Replace glass water bowls on wooden decks with metal or plastic.
- ✔ Consider flameless candles for ambiance and backup lighting in the event of a power outage.
- ✔ Secure pets when away from home.
- ✔ Place fire alert window clings identifying the room your pets are located in.
- ✔ Have a plan when you are home for who is responsible for each pet.

National Pet Fire Safety Day ~ July 15
