Mission, Goals, and Objectives

- ☞ The **Mission** of the Air Force JROTC (AFJROTC) program is to “develop citizens of character dedicated to serving their nation and community.”
- ☞ The **Goals** of the program are to “instill values of citizenship, service to the United States, personal responsibility, and a sense of accomplishment in high school students.”
- ☞ The **Objectives** of AFJROTC are to “educate and train high school cadets in citizenship; promote community service; instill responsibility, character, and self-discipline; and provide instruction in air and space fundamentals.”

These objectives will help cadets develop:

- ✓ An appreciation of the basic elements and requirements for national security.
- ✓ Respect for and an understanding of the need for constituted authority in a democratic society.
- ✓ Patriotism and an understanding of their personal obligation to contribute to national security.
- ✓ Habits of orderliness and precision.
- ✓ A high degree of personal honor, self-reliance, and leadership.
- ✓ Broad-based knowledge of the aerospace age and fundamental aerospace doctrine.
- ✓ Basic military skills.
- ✓ Knowledge of and an appreciation for the traditions of the United States Air Force.
- ✓ An interest in completing high school and pursuing higher educational goals or skills.
- ✓ An understanding of the Air Force and the military as a possible career path.

Chapter 2

Admission, Transfer, and Disenrollment of Students

1. Eligibility for membership in the AFJROTC program requires a student to be:
 - a. Enrolled in and attending a regular course of instruction at East Paulding High School (EPHS).
 - b. A citizen of the United States.
 - c. Of good moral character as determined by the Senior Aerospace Science Instructor (SASI).
 - d. Physically fit to participate in AFJROTC training. Cadets are considered physically fit if they are qualified for the regular EPHS physical education program.
 - e. Able to be fitted with and wear a standard sized Air Force uniform and be of reasonable height and weight proportions so as to project the type of military image expected by the community.
 - f. Selected by the SASI with the approval of the principal.
 - g. The student and parent/guardian must sign the cadet participation contract and return to the AFJROTC program instructors **promptly**. This contract certifies student/parent agreement that their son/daughter will wear the AFJROTC uniform on the days specified, meet the established grooming standards as described in this guidebook, as well as dress out AND participate in PT (physical training) every week.
2. Transfer of students from other AFJROTC units may be permitted with credit for training already received. No guarantees can be made with respect to a student's retaining temporary or permanent rank he/she was awarded in another unit prior to transferring to the EPHS AFJROTC program.
3. **Disenrollment may occur for the following reasons:**
 - a. Failure to maintain acceptable course standards (haircut, grooming, required uniform wear, etc.). Male and female hair grooming standards must be met within the first five school days of each semester.
 - b. Inaptitude, indifference to training, or disciplinary reasons involving undesirable character traits.
 - c. Failure to remain enrolled in school.
 - d. Individual request for release, consistent with EPHS drop/add policy.
4. Cadet Responsibilities: Each cadet will abide by the rules and regulations of the Air Force JROTC department and accept responsibility for the proper care and maintenance of his/her uniform, textbooks, and other equipment. Failure to do so will create obligations, which will prevent follow-on registration, graduation, and/or transfer of credit.

Chapter 3

Certificates of Completion and Training

1. In accordance with Department of Defense Operating Instruction (DODI) 1205.13, a student presenting evidence of successful completion of at least two academic years of JROTC under any military department is entitled to advanced promotion to the grade of no less than E-2 on initial enlistment in an Active or Reserve component of a military service. At their discretion, the military departments may award the grade of E-3 for successful completion of three academic years of JROTC. There are two types of certificates that may be awarded to AFJROTC cadets: Certificate of Completion and Certificate of Training.

2. Certificate of Completion: Passing grades in every credit-granting academic period constitutes successful completion of the AFJROTC program and makes the cadet eligible by law for a Certificate of Completion. For example, this is presented to cadets *in good standing* who have satisfactorily completed three years (or three credits) of the JROTC program. AFJROTC instructors administering a 4-year program have the option of issuing an updated Certificate of Completion after 4 academic program years (or four credits). Cadets must have this certificate in their possession when joining the senior (college) ROTC program or upon enlistment in the armed forces to gain the benefits offered by successful completion of the AFJROTC program.

a. College Benefits: A student presenting evidence of successful completion of three academic years of JROTC may be entitled to no less than one year in the Senior ROTC program. This privilege must be arranged with the Professor of Aerospace Studies (PAS) upon enrollment at the respective college or university.

b. Enlistment in the Armed Forces: This certificate provides for potential for promotion to a pay grade of E-2 (USMC), E-3 (Air Force, Navy, or ANG) or E-2 to E-5 (Army). Pay grade E-3 is the third pay grade in the military and is equal to the rank of Airman First Class (A1C) in the United States Air Force (USAF).

Note: Each service can change the rank awarded based on their specific needs provided they adhere to the requirements of DODI 1205.13. Any cadet who is considering enlisting in the Armed Forces must get a commitment “in writing” by the respective recruiter concerning credit earned for JROTC participation.

3. Certificate of Training: Presented to cadets in good standing who have completed two years of the AFJROTC program with SASI concurrence.

a. College Benefit: The cadet will be excused from one academic term of the General Military Corps (GMC) of the senior ROTC program. Must be arranged with the PAS upon enrollment.

b. Enlistment in the Armed Forces: This certificate will provide for promotion to pay grade of E-2 (Army, Navy, Air Force, Marines, and ANG).

4. These promotions can provide an immediate monetary benefit upon enlistment. They also place the cadet ahead of all other personnel enlisting at the same time and make the cadet eligible for promotion before other enlistees who enter at the same time. These certificates are not awarded automatically if a cadet simply completes the program with a minimum grade. Consideration is given to total performance and achievement as a member of the Corps. Final determination for awarding either certificate is made by the SASI and EPHS principal.

Chapter 4

Conduct, Military Courtesy, and Classroom Rules

1. AFJROTC cadets are expected to exhibit proper military conduct at all times. Such behavior will reflect credit upon themselves, their parents/guardians, the cadet squadron, East Paulding High School, and the United States Air Force. If a military unit is to function in a smooth manner, then there must be procedures/standards for everyone to follow. A unit must have discipline, or it will be unable to complete its mission. The faculty and staff at EPHS look upon AFJROTC as a group of students that should be better disciplined than the school body as a whole. They expect us to be clean-cut, role model American citizens. We should not only meet, but also exceed those expectations at all times.
2. You are a leader in training. However, you can't lead if you've never learned to be a good follower. You represent your community and the future of the United States. You must be willing to discipline yourself and be ready to accept responsibility. We are not here to prepare you for military service; rather, we want to help you become a better citizen. An understanding and application of self-discipline in your life will definitely place you ahead of your peers.
3. The routine and regimented discipline of the EPHS AFJROTC program is a tool we use to develop each and every cadet. We expect you to behave at a level that is often much higher than other teachers at EPHS may require. You are responsible for not only maintaining the standards, but also for enforcing the standards.
4. Cadets are expected to be courteous and respectful to the instructors and other cadets as well. Cadets are expected to comply with instructions given by the cadet Flight Commander and/or the Assistant Flight Commander. Cadets are expected to have a positive attitude and comply with the rules of the program. The practice of saying "Yes Sir/Ma'am" or "No Sir/Ma'am" to instructors is always observed in the cadet program. Such responses reflect long established military courtesy and tradition. Cadets are expected to memorize and commit themselves to the Air Force JROTC Cadet Honor Code:

Cadet Honor Code

"I will be truthful at all times, I will do my own work, I will respect the property of others, and I will not tolerate dishonorable cadets in our corps."

5. Classroom Procedures: When cadets arrive at the classroom, they will go to their seat and place their books, etc. on their respective desk—book bags go under the desk. Pencil, pen and paper are mandatory tools. Do not come to class without these tools. Cadet Guidebooks will be kept in the AFJROTC classroom or may be taken home by the individual cadet when needed. The Cadet Guide is also available on our website: www.EPHSAFJROTC.COM. Promptness is critical to success in any endeavor and cadets are expected to be on-time for class. Once books etc. are placed in the classroom, all cadets will meet in the common area for announcements, general guidance, etc. When the bell rings, all cadets will assume the "Parade Rest" position. Cadets who are tardy and do not have a note from a teacher or principle will not be admitted into the classroom or marked tardy in accordance with (IAW) the EPHS Student Handbook. Instructors may formalize the cadet's role in classroom management by assigning the following positions: class leader, timekeeper, scribe/admin, computer operator, etc.
6. Restroom breaks will be allowed in the event of an emergency. If you must use the restroom during class, you are required to use the AFJROTC restroom pass and must have the instructor's permission. A cadet leader is not authorized to grant permission for restroom breaks. EXCEPTION: On physical training (PT) day, you are permitted

to use restroom before/after class while dressing-out. *You should use the restroom prior to your JROTC class time.* All students late for class will be marked tardy IAW EPHS established policies. Cadets who are late and have a pass will enter the classroom and report to the Flight Commander or instructor. Do not interrupt the ongoing opening exercises when you arrive late. Simply join the formation and explain your tardiness when queried by the Flt CC, Asst. Flt CC, or instructor. All cadets must have a written excuse slip or they will be marked tardy IAW school policy.

7. When the bell rings the FC will make sure all cadets assume the “Parade Rest” position. At the beginning of the class, the Flight Commanders (FCs) will command “Report.” The first Element Leader will report in by stating “Sir (or Ma’am), 1st Element all cadets are present or accounted for ...with the exception of Cadets Smith and Jones.” All other element leaders will report to the FC in the same manner. The FC will report the attendance to the SASI. For example, face the instructor, render the hand salute and state, “Sir, (A/B/C/D/E/F/S) Flight, all cadets are present and/or accounted for with the exception of Cadet Jones and Cadet Smith, Sir.” The SASI will return the salute and the FC will then check the flight commander’s table for any information that needs distributed to the cadets and review any information posted by the Executive Officer on the daily briefing. They will then bring the class to attention and lead the class in the Pledge of Allegiance (first period only) and the Cadet Creed. Following the Cadet Creed, the Flt CC will read the Operations Orders/unit briefing items. The Flight CC will then Report In to the Instructors that their Flight is ready for Instruction. Upon completion, the FC will dismiss the flight to their respective classrooms.

8. Calling Rooms to Attention: When **ANY ADULT** enters the classroom (other than the instructor) the cadet in charge of the flight, or the first cadet (may be ANY cadet) to recognize these people, will stand up at his/her desk and call the Flight to Attention until given another command to “Carry On.”

9. Reporting to Instructors: When it becomes necessary to see the instructors, the cadet will come to “Attention” at the doorway of the instructors’ office and state, “Sir, Cadet (last name) requests permission to speak with (Lt Col Farr or MSgt Greene).” Or, “Sir, Cadet (last name) is reporting as ordered.” When you are told to “Report” by the respective instructor, maintain your military bearing and smartly proceed to their desk using the most direct route. You will square turns and remain at “Attention” in front of their respective desk until directed otherwise.

When the conversation is finished, Say “Sir, will that be all?” or “Thank you Sir.” Come to attention, and state, “Sir, Cadet (last name) requests permission to be dismissed.” When the SASI/ASI dismisses you, take one step back and then exit the office using a direct route. Continue to maintain military bearing and square all turns.

If two cadets are directed to report in at the same time, the senior cadet will report in and report out for both cadets.

10. Classroom Rules: The following rules apply in the classroom at all times:

- ❖ No eating, candy, soda, etc. without instructor permission.
- ❖ No gum chewing.
- ❖ No drinking anything other than water from a plastic bottle with a cap without instructor permission.
- ❖ No personal hygiene (applying cosmetics, arranging hair, etc.).
- ❖ No sleeping or head down on the desk; instead, stand in the back of the classroom.
- ❖ No talking without permission.
- ❖ Raise your hand to be recognized.
- ❖ Address instructors and cadet officers by their titles (Colonel/Sergeant) or Sir/Ma’am.
- ❖ No rude or crude behavior.
- ❖ Cussing, vulgar gestures, demanding attitude, etc. This will be dealt with quickly and harshly.
- ❖ No electronic devices—unless authorized by an instructor.
- ❖ No headphones visible at any time in the AFJROTC facility.
- ❖ One conservative Nose Piercing may be worn on Non-Uniform days in the facility.

11. Cheating: Cheating is taking unfair advantage of a situation or of a fellow cadet to obtain higher grades, academic or leadership awards, better scholarship opportunities, or some other tangible gain. Cheating is not permitted in AFJROTC or EPHS (See EPHS Student Handbook).

a. It is important each cadet understand this basic requirement and makes every effort to follow it. Cadets who cheat identify themselves as people not worthy of holding cadet rank, or being promoted or receiving recommendations, scholarships, awards or other special recognition. Anyone who accepts such honors with full knowledge they did not earn them, but instead acted unfairly and improperly is a cheat. That person has also failed to meet the aims, goals and objectives of the program and therefore risk disenrollment from the program. Cadets who knowingly allow others to copy their work are also cheating. They are willing participants and have endorsed the act of cheating. They also face the same consequences for their actions.

b. We can take a lesson from the service academies whose young men and women adhere to a far stricter honor code. It is: "I Will Not Lie, Cheat, or Steal—Nor Tolerate Those Who Do." Though this may seem a tough code to live by, it is not when you consider that when you wear the uniform, you are demonstrating the willingness to accept trust and responsibility for your actions. As a cadet, you represent the Air Force and are expected to bring honor to yourself, your family, the school and the cadet corps. The best way to do this is to guard your integrity as the most precious asset you have. Do not lie, cheat, or steal...ever!

c. Cadets who find these guidelines demanding or who believe them to be impossible to follow should speak to the instructors immediately about leaving the corps.

12. Prohibition on Physical Discipline and Hazing: Any form of hazing, whether verbal or physical will not be tolerated within any AFJROTC unit or activity. Requiring cadets to perform any physical action as a reprimand, punishment, or for failure to perform, will not be tolerated within any AFJROTC unit or activity. Examples of prohibited physical activities include, but are not limited to push-ups, running laps, or any inappropriate physical contact such as shoving, pulling or grabbing. Any form of verbal abuse, teasing, public rebuke or any attempt to otherwise humiliate a cadet is prohibited. This prohibition is applicable to all AFJROTC unit activities including instructors, cadets and any personnel involved with or participating in an AFJROTC unit or activity. Also, no unit may encourage, facilitate, or otherwise condone secret societies or private clubs as part of the AFJROTC program. Always treat each person with respect.

13. Quibbling: When a cadet officer or instructor gives you a directive, it will be done immediately (discussion on the matter will be addressed if time permits). When a cadet officer gives you a directive to do something, it can be considered as an order from an instructor. The most important lesson to learn from this program is to do what you're told, when you are told to do it, regardless of what you think or feel about the situation. To complain or try and talk your way out of doing what you're told is *Quibbling* and will not be tolerated. If you feel that you are not being treated fairly, after you do what you are told, you may use your chain of command to address the issue.

14. Public Display of Affection: No public display of affection (PDA) will be tolerated at any time—which includes any area within the AFJROTC facility or in its vicinity. This is to include holding hands, hugging, arms around each other, kissing, etc. Cadets are to behave in a professional manner at all times (See EPHS Student Handbook).

15. Manners and Courtesies: All cadets will use the phrase "Yes Sir, No Sir," etc., at all times. "Nope" or "Yep" will not be accepted. "Please and thank you" will be a regular part of every conversation. All cadets are expected to use these courtesies to every adult in this school, and every cadet officer. We expect you to carry these courtesies with you to each of your classes. Salutes and wear of headgear outdoors.

16. Actions: Keep in mind that wherever you go, you should always act like a member of the Air Force Junior ROTC. You must be careful to represent the unit in a way that would bring respect to yourself and to our unit. When we are on an activity or field trip, whether after school or during school, you are required to follow these guidelines set forth for all cadets in the Corps.

Chapter 5

The Core Values of the United States Air Force

This section covers some sound advice that will help you in getting more out of AFJROTC and more out of life. It is hoped that you will pay close attention to the ideals outlined here. They are not strictly enforced regulations, but some of them are the keys to a successful life. Core values are the foundation upon which a truly quality society is built.

1. **Integrity First:** It is the willingness to do what is right even when no one is looking. It is the "moral compass" -- the inner voice; the voice of self-control; the basis for the trust imperative in today's world. Integrity is the ability to hold together and properly regulate all of the elements of a personality. A person of integrity, for example, is capable of acting on conviction. A person of integrity can control impulses and appetites. Integrity has several other moral traits indispensable to service to the unit:

- a. **Courage:** A person of integrity possesses moral courage and does what is right even if the personal cost is high.
- b. **Honesty:** Honesty is the hallmark of the professional cadet because in the unit, our word must be our bond. We don't cover up violations. The bottom line is we don't lie, and we can't justify any deviation.
- c. **Responsibility:** No person of integrity is irresponsible; a person of true integrity acknowledges his or her duties and acts accordingly.
- d. **Accountability:** No person of integrity tries to shift the blame to others or take credit for the work of others.
- e. **Justice:** A person of integrity practices justice. Those who do similar things must get similar rewards or similar punishment.
- f. **Openness:** Professionals of integrity encourage free flow of information within the organization. They seek feedback from all directions to ensure they are fulfilling key responsibilities, and they are never afraid to allow anyone at any time to examine how they do business.
- g. **Self-respect:** To have integrity also is to respect oneself as a professional and a human being. A person of integrity does not behave in ways that would bring discredit upon him/her self or the organization to which he belongs.
- h. **Humility:** A person of integrity is humble and exhibits modesty.
- i. **Honor:** Honor is the highest form of self-respect. Lying, cheating, and stealing will not be tolerated by any cadet. The great reward of an honorable person is that they respect themselves and others. If you want respect, then you must respect yourself.
- j. **Loyalty:** Loyalty is the quality of sincere confidence in and support for the purposes, methods, and capabilities in superiors and subordinates. This does not mean that you cannot disagree with a higher ranking cadet/superior. You have the right to express your opinion, but afterwards, you must support your superior's decision. It is not loyal to publicly criticize a superior, peer, or subordinate: a group could fall apart because only a few minor incidents.
- k. **Discipline:** Discipline is the "cement" that bonds any military force together. At the heart of discipline is obedience to orders. (Do not obey orders because you are afraid of being punished; obey because you want to help AFJROTC become a better organization).

2. **Service Before Self:** Service before self tells us that professional duties take precedence over personal desires. At the very least it includes the following behaviors:

a. Following Rules: To serve is to do one's duty, and our duties are most commonly expressed through rules. While it may be the case that professionals are expected to exercise judgment in the performance of their duties, good professionals understand that rules have a reason for being, and the default position must be to follow those rules unless there is a clear, operational reason for refusing to do so.

b. Respect for Others: Service before self tells us also that a good leader places the troops ahead of his/her personal comfort. We must always act in the certain knowledge that all persons possess a fundamental worth as human beings.

c. Discipline and Self-control: They have a fundamental moral obligation to the persons they lead to strike a tone of confidence and forward-looking optimism. More specifically, they are expected to exercise control in the following areas:

1. Anger: Professionals are expected to refrain from displays of anger that would bring discredit upon themselves and/or the AFJROTC Squadron (such as fighting or aggressive confrontation).

2. Tobacco and Alcohol: The consumption of alcohol and use of tobacco cast doubt on an individual's fitness and shows their disrespect towards authority. Also, it is illegal if that person is under age). The person who knowingly partakes of these activities willingly contradicts the Cadet Creed and is not the type of cadet needed to be in a position of leadership or remain within the cadet corps. We strongly encourage you not to use these products!

3. Narcotics: A drug or substance affecting mood or behavior and sold for a non-medical purpose. These are typically illegal drugs and should not be used.

d. Faith in the System: To lose faith in the system is to adopt the view that you know better than those above you in the chain of command what should or should not be done. In other words, to lose faith in the system is to place self before service. Leaders can be very influential in this regard and must set the example for others to follow.

3. **Excellence in All We Do:** Excellence in all we do directs us to develop a sustained passion for continuous improvement and innovation that will propel AFJROTC into a long-term, upward spiral of accomplishments and performance.

a. *"True quality is embodied in the actions of Air Force people who take decisive steps to improve processes and products; who capitalize on quality as a leverage tool to enhance products, achieve savings, and improve customer service; and who exemplify our core values of integrity first, service before self, and excellence in all we do."*

General Fogelman (Former CSAF)

b. Product/Service Excellence: We must focus on providing services and generating products that fully meet the requirements of the Paulding County School system.

c. Personal Excellence: Professionals must seek out and complete their high school education, stay physically fit and in good mental shape. They must demonstrate personal excellence while doing homework to the best of their ability and responding to questions in class with a knowledgeable reply.

d. Community Excellence: Community excellence is achieved when the members of an organization can work together to successfully reach a common goal in an atmosphere free of fear that preserves individual self-worth. Providing support for the local community, projects excellence, toward you as an individual and the unit as a whole.

- e. **Resources Excellence:** Excellence in all we do also demands that we aggressively implement policies to ensure the best possible cradle-to-grave management of resources.
- f. **Operations Excellence:** There are two kinds of operations excellence- internal and external.
 - 1. **Internal** - This form of excellence pertains to the way we do business within the Corp. It involves respect on the unit level and a total commitment to maximizing the Cadet Corps excellence.
 - 2. **External** - This form of excellence pertains to the way in which we treat the world around us as we conduct our operations. We must be sensitive to the rules governing environmental pollution and we must be sure to coordinate with others to complete our assigned tasks.

Chapter 6

Clothing and Equipment Account

1. **The Military Property Custodian (MPC) for the GA-20051 AFJROTC is MSgt Greene.** He is responsible for the storage, maintenance, issue, and retrieval of all Air Force clothing and equipment. He will issue each cadet a ready to wear uniform with all accessories. The cadet is not responsible for any alterations, sewing on patches, badges, etc.
2. Protecting government property is each cadet's responsibility. All uniform items (with the exception of socks) and equipment items such as textbooks, computers, plotters, charts, etc., are loaned to you by the Air Force and must be accounted for at all times. If you find any abandoned uniform items or AFJROTC equipment lying around the school, it is your responsibility to turn it in.
3. At the time a uniform or equipment item is issued, the cadet will sign a Custody Receipt Form and initial on each line for items issued. Each item signed for, then becomes the cadet's responsibility and if lost or destroyed either willfully or negligently, the cadet will pay for it. The cost of replacement of an item will be the cost that is in effect when the account is scheduled to be cleared.
4. Normally one complete uniform with all accessories and insignia is issued to each cadet. It is imperative that each cadet understands that all uniform or equipment items, (with exception of hats, socks, and shoes), must be returned or paid for before the end of the school term. If uniforms or equipment items are not returned, the AFJROTC Certificate of Training or the Certificate of Completion will not be awarded. In addition, a financial obligation will be incurred which will prevent graduation, registration, or transfer of credit until satisfied.
5. To preclude unnecessary expense to the cadet and/or delay of receipt of grades or diploma, and to provide for efficient turn-in of uniforms and equipment, the following suggestions are offered:
 - ❖ Do not leave uniform items in unlocked lockers or unattended.
 - ❖ Do not lend uniform items to other cadets or persons.
 - ❖ Do not permit another cadet to turn in your uniform or equipment items.
 - ❖ Do not lend insignia or other uniform /equipment items to your friends.
 - ❖ Do not carry the flight cap with your books. If not being worn, tuck it under your belt.
 - ❖ Do not place uniform in the care of others.
 - ❖ Do place your name on each uniform item with suitable clothing identification tape.
 - ❖ Do be alert for uniform or equipment items left or misplaced by other cadets. Turn-in such items to the MPC.
6. Clothing items that become worn or otherwise unserviceable should be returned to the MPC as soon as possible. If the unserviceable condition is due to fair wear and tear in normal use, the items will be replaced at no cost. Items of clothing that do not fit properly should be altered or exchanged.
7. When returning or exchanging uniform items or other equipment, deal only with the MPC.
8. The United States Air Force uniform represents proud and honorable service.

Chapter 7

Cadet Appearance and Grooming Standards

Since cadets wear the official uniform of the United States Air Force, any objectionable behavior in public can create an unfavorable reaction toward the AFJROTC program. Male cadets will comply with Air Force “male” standards; and female cadets will comply with Air Force “female” standards. The cadet’s gender will match the information reflected on the student’s birth certificate/student’s school registration. Conversely, proper conduct, actions, and attitudes will create and sustain favorable public reaction, which will enhance the image of the cadet corps. Therefore, as an AFJROTC cadet, you must constantly strive to present a neat, clean, well-groomed image when wearing the uniform.

When a cadet wears the uniform, he/she is responsible for presenting a neat, clean, and professional military image. Appearance and grooming standards help cadets present the image of disciplined cadets who can be relied upon to do the job they are called on to do. A professional military image has no room for the extreme, the unusual, or the faddish. The standards for wearing the uniform consist of five elements: neatness, cleanliness, safety, uniformity and military image. The first four are absolute, objective criteria for the efficiency, health, and well-being of the force. The fifth standard, military image is also very important, military appearance is subjective, but necessary. People, both military and civilian, draw conclusions as to the military effectiveness of the Air Force by how they perceive those in uniform.

7.9.1. Jewelry. While in uniform will be plain and conservative (moderate, being within reasonable limits; not excessive or extreme) as determined by the SASI.

7.9.1.1. Rings. Cadets may wear a total of no more than three rings; wedding sets count as one ring when worn as a set. Rings will be worn at the base of the finger, and will not be worn on the thumb.

7.9.1.2. Necklaces. Will not be visible at any time. If worn, will be concealed under a collar or undershirt.

7.9.1.3. Bracelets. Ankle bracelets are not authorized. Cadets may wear one bracelet around their wrist. If worn, the bracelet will be conservative (moderate, being within reasonable limits; not excessive or extreme) (which is defined as plain, not drawing attention or faddish) in design, no wider than ½ inch, gold or silver in color, and will not have any inappropriate pictures or writing. Medical alert/identification bracelets are authorized; however, if worn, they will be conservative (moderate, being within reasonable limits; not excessive or extreme) (which is defined as plain, not drawing inappropriate attention or faddish). Bracelets espousing support for cause, philosophy, individual or group are *not* authorized (*Exception:* Traditional metal POW/MIA/KIA bracelets, which come in colors besides silver, bronze, or gold, remain authorized). Colored/rubber bracelets that support a cause are not allowed to be worn in uniform.

7.9.2. Eyeglasses or Sunglasses. If you wear glasses, they must not have any ornaments on the frames or lenses. Eyeglass lenses that are conservative, clear, slightly tinted, or have photosensitive lenses may be worn in uniform while indoors or while in military formation. When outdoors and in uniform, sunglasses and eyeglasses must have lenses and frames that are conservative; faddish or mirrored lenses are prohibited. Sunglasses are not allowed while in a military formation. Neither eyeglasses nor sunglasses can be worn around the neck while in uniform.

7.9.2. Tattoos or Brands. Whether you are in or out of uniform, tattoos or brands anywhere on the body are not allowed if they are obscene or if they advocate sexual, racial, ethnic, or religious discrimination. Tattoos or brands that might harm good order and discipline or bring discredit upon the Air Force are also barred, whether you are in or out of uniform. The SASI may exercise discretion if a new cadet arrives with a tattoo that may not be in full compliance with the above guidance.

7.9.3. Body Piercing. Cadets in uniform are not allowed to attach or display objects, articles, jewelry, or ornamentation to or through the ear (other than authorized in para 7.9.7), nose, tongue, or any exposed body part (including anything that might be visible through the uniform). Cadets may not cover any of these articles with make-up, band aids, or wearing clear post pins to hide body piercings.

7.9.4. Back Packs. Cadets may wear a back pack on the left shoulder or both shoulders (not to interfere with rendering the proper salute).

7.9.5. Wear/use of an earpiece, any blue tooth technology or headphones, while in uniform, indoors or outdoors, is prohibited, unless specifically authorized for the execution of official duties. Exception: Headphones and earphones [iPods, MP3-type players, etc.] are authorized during travel on public transportation i.e., bus, train or air travel.

Female Cadet Grooming Guidelines

Hair-Female. No minimum hair length to a maximum bulk of 3 ½ inches from scalp and allows proper wear of headgear. Hair will end above the bottom edge of collar and will not extend below an invisible line drawn parallel to the ground, both front to back and side to side. Bangs, or side-swiped hair will *not* touch either eyebrow, to include an invisible line drawn across eyebrows and parallel to the ground. When in doubt, assess correct length of hair with Airman standing in the position of attention. **Exception:** While wearing the Physical Training Uniform (PTU), long hair will be secured but may have loose ends and may extend below the bottom edge of the collar.

7.10.1.1. Hair color, highlights, lowlights, and frosting will *not* be faddish or extreme and will be natural looking hair color, similar to the individual's hair color (e.g. black, brunette, blond, natural red, and grey).

7.10.1.2. Hair accessories. If worn, black hair accessories (e.g., fabric scrunchies, hairpins, combs, clips, headbands, elastic bands, barrettes, etc.) are authorized regardless of hair color.

7.10.2. Locs, braids, twists, micro-braids, french braids, dutch braids and cornrows are authorized. Locs are defined as portions of hair that have been intentionally or unintentionally fused together to form a loc or locs. A braid or twist is two or more portions of interwoven hair. If adding additional hair, it must be a natural-looking color, similar to the individual's hair color. It must be conservative (moderate, being within reasonable limits; not excessive or extreme) and not present a faddish appearance. Hair must not exceed bulk and length standards and must not extend below the bottom of the collar. Headgear must fit properly.

7.10.3. All locs, braids, and twists, when worn will be of uniform dimension, no wider than one inch, with natural spacing between the locs, braids, or twists and must be tightly interwoven to present a neat, professional and well-groomed appearance. When worn, multiple locs, braids, or twists shall be of uniform dimension, small in diameter (approx. ¼ inches), show no more than

¼ inch of scalp between the locs, braids or twists and must be tightly fused/interwoven to present a neat, professional appearance. A loc, or braid must continue to the end of the hair without design and following the contour of the head, and may be worn loose or in standards in paragraph 7.10.1. above a secured style within hair. [Exception: Micro-braids or twists are not required to continue to the end of the hair.]

Unauthorized: Mohawk, mullet or etched design.

7.10.4. Fingernails. Fingernail polish, if worn by female cadets, will be a single color that does not distinctly contrast with the female cadet's complexion, detract from the uniform, or be extreme colors. Some examples of extreme colors included, but are not limited to, purple, gold, blue, black, bright (fire

engine) red and florescent colors. Do not apply designs to nails or apply two-tone or multi-tone colors. However, white-tip French manicures are authorized. Fingernails must not exceed ¼ inch in length beyond the tip of the finger and must be clean and well groomed.

7.10.5. Skirts. The length of your skirt may not vary beyond the top and bottom of the kneecap. Your skirt will fit smoothly, hang naturally, and must not be excessively tight. You must wear hosiery with the skirt. Choose a sheer nylon in a neutral dark brown, black, off-black, or dark blue shade that complements the uniform and your skin tone.

7.10.6. Earrings. Female cadets may wear small round or square white diamond, gold, white pearl, or silver earrings. If member has multiple holes, only one set of earrings are authorized to be worn in uniform and will be worn in the lower earlobes. Earrings will match and fit tightly without extending below the earlobe unless the piece extending is the connecting band on clip earrings.

Male Cadet Grooming Guidelines

7.11.1. Men's Hair. Keep your hair clean, neat, and trimmed. It must not contain large amounts of grooming aids such as greasy creams, oils, and sprays that remain visible in the hair.

7.11.2. Men's Hair will be tapered appearance on both sides and the back of the head, both with and without headgear. A tapered appearance is one that when viewed from any angle outlines the member's hair so that it conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twists or spiking. A block-cut is permitted with tapered appearance. Hair will *not* exceed 1¼ inch in bulk, regardless of length and ¼ inch at natural termination point; allowing only closely cut or shaved hair on the back of the neck to touch the collar. Hair will not touch the ears or protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flat-top cuts are authorized. Prohibited examples (*not* all inclusive) are Mohawk, mullet, cornrows, dreadlocks or etched design. Men are *not* authorized hair extensions.

7.11.3. Sideburns. If worn, sideburns will be straight and even width (not flared), and will not extend below the bottom of the orifice of the ear opening. Sideburns will end in a clean- shaven horizontal line. See Figure 3.1, orifice of the ear opening is at reference point A.

7.11.4. Mustaches. Male cadets may have mustaches; however they will be conservative (moderate, being within reasonable limits; not excessive or extreme) and will not extend downward beyond the lip line of the upper lip or extend sideways beyond a vertical line drawn upward from both corners of the mouth. See Figure 3.1, reference points B, C, and D.

7.11.5. The face will be clean-shaven. Beards are not authorized unless for medical reasons, when authorized by a SASI on the advice of a medical official. SASI will submit waiver request in WINGS for review by HQ AFJROTC Waiver Review board. Members will keep all facial hair trimmed not to exceed ¼ inch in length. Individuals granted a shaving waiver will not shave or trim any facial hair in such a manner as to give a sculptured appearance.

7.11.6. Fingernails. Male cadets are not authorized to wear nail polish.

7.11.7. Earrings. Male cadets in uniform may not wear earrings or any other type of facial piercings.

Chapter 8

Wearing the Air Force JROTC Uniform

Honor the Uniform: Air Force Junior ROTC cadets generally wear the same uniform—the standard Air Force service uniform—as that worn by active duty personnel in the Air Force. Cadets are expected to honor the uniform—to wear it properly and with pride. The uniform is an important aspect of Air Force Junior ROTC. Whenever you wear the uniform—during indoor and outdoor training periods, at cadet social functions, and during base visits—you represent your school, AFJROTC and the Air Force. How you wear the uniform exposes you and the Air Force to praise or fault from fellow cadets, fellow students, and society at large.

The blue uniform is mandatory for official military functions such as honor guard, color guard or any function the SASI deems appropriate (student formations will not mix cadets wearing military uniforms with cadets wearing civilian clothes in the same flight during official functions). Therefore, to participate in official military functions, a cadet must be wearing the blue uniform.

1. Uniform Requirements: See attachments in the back of this guide for proper insignia placement.
 - a. The flight cap (Males) is worn slightly to the wearer's right with vertical crease of the cap in line with the center of the forehead, in a straight line with the nose; the cap extends approximately 1-inch from the eyebrows in the front; No hair may extend out the front of the Flight cap. If the cap does not fit in this manner, it is either too large or too small. See MSgt Greene if you need a different cap. The cap is always removed indoors unless you are a member of a color guard. If not worn, tuck under the belt on either side, between first and second belt loops; do not fold cap over belt.
 - b. The flight cap (Females) is worn slightly to the wearer's right with vertical crease of the cap in line with the center of the forehead, in a straight line with the nose; approximately 1 inch from the eyebrows in the front; When not wearing, tuck under the belt on either side in front. Do not fold cap over belt.
 - c. The belt is threaded through the loops to the left for males and to the right for females. When buckled, only the metal tip of the belt should show. The adjustable belt clamp is to change the length of the belt for a proper fit.
 - d. The windbreaker jacket is worn as an outer garment on chilly/cold days. The windbreaker is never worn without being zipped at least half way. If it is necessary to wear unzipped, then cadets will remove it and hang it on the back of their desk.
 - e. The shoes will be laced to the top and shined at a high gloss at all times.
 - f. If panty-hose is worn, with any uniform, they must be commercial, sheer, nylon in neutral, dark brown, black, off-black, or dark blue shades that complement the uniform and are as close to matching the individual's skin tone as possible. Hose with a pattern is not authorized.
 - g. The socks must be plain black; no other colors are authorized. Socks must be ankle-high or higher and must not have any design on them.
 - h. The short sleeve light blue shirt is worn with the collar open. (Exception: the necktie is optional with the short sleeve blue shirt with epaulets unless otherwise directed). When worn without the tie, you must wear a white "U" or "V" neck T-shirt. The shirttail is pulled down into the trousers tightly and tucked at the sides to make it nearly form fitting. If a female is wearing the modified short sleeve shirt, she is not required to tuck the shirt in her uniform trousers. The only creases on the shirt are down the sides of the sleeves. No items will be carried in the shirt pockets. Buttoned pockets and shined shoes mark the cadet who pays attention to detail.
 - i. The blue trousers are designed to be dry-cleaned. However, if this option is not possible or is too expensive, you can wash the uniform pants at home as follows:

- j. Wash the uniform pants in cold water with cloths of a similar type and color. Once the washer has finished the final spin cycle, remove the pants and let them hang dry. Do not use a dryer or you'll shrink your pants.
- k. The bottom of the trouser leg will touch the shoes in such a manner as to cause a slight break in the front trouser crease. No cuffs are worn on military uniform trousers. You need not obtain permission to alter the leg length and waist size of the trousers. The rear pocket of the trousers will be buttoned at all times. Articles carried in the pocket will not be visible. The zipper tab will be pressed down to permit the fly to be neatly closed. Sunglass cases will not be worn on the belt. Hats and gloves are not tucked under the epaulets of any uniform--at any time. Sunglasses should never be hanging from any part of your uniform. Gloves are not tucked in belts. Observance of these small details is the mark of a well-groomed cadet.
- l. The outside pockets of the service coat are for decoration only. Nothing should be carried in them. There are two inside pockets for carrying small items. All outside pockets and snaps will be secured at all times. The coat may be removed in the classroom when it becomes uncomfortably warm. If the coat is removed, it will be carefully draped over the back of the chair. The necktie will not be removed or loosened even though the coat is removed. The coat is not to be removed while eating. The coat will be put on and buttoned before leaving the classroom. The buttons on the service coat will be displayed upright.
- m. The Service Coat must be dry cleaned and may be pressed with a steam iron (be extremely careful not to get the iron too hot and burn it) between cleaning as necessary to maintain a neat, wrinkle free appearance. The coat does not need to be cleaned weekly. With normal wear, the uniform coat will only need dry cleaned every few months. Always hang up your coat and trousers. Do not throw them in a corner; let the dog sleep on them, etc. Do not place the service coat in the washing machine.
- n. Shirts should be cleaned every-time they're worn. Medium starch will keep the shirts neat throughout the day. Your shirt should be clean and pressed each time you wear it. There should be a crease in the sleeve of the shirt. It should be running down the center of the top of the sleeve through the center of the patch.
- o. Semi-formal uniform: A plain collar white shirt is worn with the coat and trousers on formal occasions, such as a military ball.
- p. The "GIG" line is the line formed by the edge of the shirt, the edge of the belt buckle, and the fly of the trousers. The "GIG" line should always be kept straight. Check it frequently!
- q. Only the "V" or "U" neck type T-shirt may be worn with the uniform shirt when not wearing a tie.
2. General Rules for Wearing the Uniform: Each cadet must wear his/her uniform at least once per week (usually on Wednesday) unless instructed otherwise. **The uniform is worn All Day!** Any cadet who is not in uniform will receive a grade of "0" and they'll have the opportunity to recover the grade by wearing it the next school day. The recover grade will begin at 70% minus any deductions. If a cadet needs to change out of their uniform for any reason they may ask permission from the instructors. If permission is denied and the cadet changes anyway, they will receive a grade of "0" and will not have the opportunity to recover the grade. Changing-out without instructor permission is a "0" grade.
- a. Only authorized uniform items will be worn. Do not mix any uniform items (including the windbreaker) with civilian clothing.
- b. Wear authorized insignia only.
- c. When a cadet is wearing the service coat, insignia is to be worn **ONLY** on the service coat (not the blue shirt and service coat).
- d. All pockets will be buttoned. Hands should be kept out of uniform pockets.

- e. Cadets are required to wear headgear outdoors on the EPHS campus. Headgear will also be worn for all AFJROTC drill, during off campus field trips, for special duties, such as ushering, and going to and from school. Hats will be required while drilling in uniform.
 - f. Trim loose strings and frayed seams on the uniform.
 - g. Avoid carrying bulky items in the pockets, which distort the uniform appearance.
 - h. Shoes should have a glossy shine (hint: check heels and sides of soles)
 - i. Notify Instructors of missing buttons promptly.
 - j. Wristwatches, identification bracelets, and rings (three maximum) may be worn. Ornamental necklaces, pendants, ankle bracelets and other conspicuous adornments are prohibited. Do not wear rubber bands on your wrist.
 - k. The blue Air Force nametag is worn over the right side of the short sleeve blue shirt:
 - 1. Males - parallel with and centered above the top seam of the pocket on the male uniform
 - 2. Females – center name tag on right side, even with to 1½ inch higher or lower than the first exposed button.
 - l. Ribbons are to be centered on the left side, parallel with the ground. Align bottom of ribbons with bottom of nametag.
 - m. All insignia are fastened with metal clutches (frogs).
 - n. Hitchhiking, performing hard labor, engaging in sports activities, etc., while in uniform is not permitted.
 - o. Conservative sunglasses may be worn while outside only. (Exception: When in formation, during inspection, etc. only prescription glasses may be worn).
 - p. Cadets should never smoke or use smokeless tobacco, etc. at anytime!
 - q. At the end of the school term, all uniforms will be returned and lost items will be paid for promptly.
 - r. Optional items: Certain uniform items are considered optional. This means cadets may purchase certain items from the military clothing sales store on an Air Force Base, but will never be mandatory. Drill Team members and Color Guard members may be authorized special items.
3. Weekly Uniform Inspection: Cadets will be inspected weekly on uniform wear. The uniform inspection sheet (Attachment 11) is intended to inform all cadets exactly where points may be lost during weekly inspections. Cadets should refer to this sheet when preparing their uniform.
- a. Uniform Grade: Cadets will receive a uniform inspection grade (scale of 0 to 100) each week. If a cadet attends school but fails to wear his/her uniform on the designated uniform day (normally Wednesday), they have one opportunity to salvage their grade for the week. However, the maximum grade they can earn if they wear it the following day (normally Thursday), is a 70% score. Failure to wear the uniform on the prescribed day or the make-up day will result in a “zero” uniform grade for the week. A cadet will also receive demerits for failure to wear the uniform. If cadets have a legitimate reason for not wearing their uniform on the assigned date, they must coordinate with Lt Col Farr, MSgt Greene or MSgt Parker in advance. This does not mean calling them on Tuesday night! Plan for success! Cadets who are not in uniform on the required day; and who have not made advance arrangements with an instructor, will be sent to ISS for the AFJROTC class period.

Make-up Day – The Next Scheduled School Day after the scheduled Uniform Day.

Maximum Grade – the Highest Grade you can receive on Make-Up day is a 70%

- b. Any uniform wear discrepancies will be deducted from the maximum grade indicated above.
- c. When a cadet is absent on uniform day (normally Wednesday), they will wear the prescribed uniform on the day they return to school that week. For example, if you miss school on Wednesday, you must wear your uniform on Thursday. If you miss Wednesday and Thursday, you must wear the uniform on Friday. If you miss Wednesday – Friday and your absences are excused by EPHS, you will not receive a uniform grade for that week and will not be penalized.
- d. Any student who is assigned ISS on a scheduled uniform day will wear the AFJROTC uniform in ISS. The ISS cadet is required to report to the AFJROTC office during the day or before/after school, and receive their uniform inspection.

Chapter 9

Saluting, Pledge of Allegiance, and National Anthem

The salute is a friendly military exchange of a greeting. Military personnel consider the salute a courteous and respectful greeting among members, and it is one of the oldest traditions binding military professionals together.

1. There are special rules at EPHS governing the salute and saluting areas with which you must become familiar. When outside in uniform at EPHS, saluting is always required unless directed otherwise by the SASI or ASI. Salute when you recognize the person as an officer and eye contact is made with him/her within a reasonable distance.

a. The salute is rendered indoors only when cadets are reporting to cadet officers or instructors. The proper sequence of reporting includes saluting and stating (unless there is a predetermined function such as attendance reporting) “Sir/Ma’am, Cadet (last name) reports as ordered”. The cadet holds the salute until it is returned or otherwise acknowledged by the officer. When the purpose of the report or meeting is completed, the cadet again salutes, the officer will return the salute, or otherwise acknowledge it, and the cadet will do an about face or turn sharply toward the most direct exit and leave.

b. A salute is never given or returned while running. The cadet will instead come to quick time (a walk) and render the salute when approximately three paces from the officer.

c. Cadets not in uniform may salute as if they were in uniform. Remember, this is a military greeting and show of respect.

d. If in uniform, and a cadet observes the American Flag being raised or lowered from any flagstaff, he/she will assume the position of attention, render the hand salute and hold it until the flag has reached the summit or base of the flagstaff. If the cadet is in civilian clothes, he/she will assume the position of attention and place the right hand over the heart. If a male cadet is wearing civilian attire including headgear, he will remove the headgear and hold it to his left shoulder so the right hand is over the heart.

e. The Pledge of Allegiance is recited and a cadet is in uniform indoors, the cadet should stand at attention, remain silent and face the flag (does not apply to classroom procedure). If most of those present are in civilian clothes, however, the cadet may exercise the option of joining with the others in reciting the pledge.

f. If the Pledge of Allegiance is recited and a cadet is in uniform outdoors, the cadet should stand at attention, remain silent, face the flag, and render the hand salute.

g. If the Pledge of Allegiance is recited and a cadet is not in uniform and is either indoors or outdoors, the cadet should stand at attention, face the flag, and recite the pledge. The right hand is over the heart during the recitation, and males will hold hats, if worn as described in paragraph 1-d above.

h. If the National Anthem is being played, and a cadet is in uniform indoors, the cadet should face the flag (if present; if not, face the music), but not salute unless under arms.

i. When the National Anthem is being played, and a cadet is in uniform outdoors, the cadet should stand at attention, face the flag (if it is visible, or music if it is not), and salute. (If no flag is visible and music is recorded, the cadet should simply face straight ahead while saluting).

j. If the National Anthem is being played, and a cadet is not in uniform (is in either civilian or athletic attire), and the cadet is either indoors or outdoors, the cadet should stand at attention, face the flag, and place the right hand over the heart (men will also hold the hat in the right hand as described in paragraph 1-d above).

k. If a cadet is late for formation, he/she will approach the cadet or person in charge when the formation is at a halt, salute, and request permission to fall in. Simply approach the person in charge, salute, and request permission to join the class.

2. Cadet Officers and NCOs should correct saluting errors in a courteous and helpful manner when cadets junior to them commit such errors. All cadets are expected to accept such corrections with gratitude and courtesy.

Chapter 10

Grading Policy, Makeup Work, Evaluations, Extra Credit

1. **Grading Policy:** All cadets earn their grades based on work they do. No grades are given because a cadet merely attends class. If a cadet does not work, his/her grade will suffer. All points earned will be on a scale of 0 to 100 and incorporated into the school's grading system with the following percentages:

Summative Assessments:		71%
Uniform Grade (Weekly)		25%
Formal Drill Grade		5%
Leadership/Followership		10%
Cumulative Assessments, Tests and/or Research Project		31%
Formative Assessments:		29%
Daily Activity (Workbook, etc.)		60%
Quizzes		5%
Article Reviews		5%
Physical Fitness Participation		30%
Final Exam		20%
Total Grade		100%

a. **Uniform Grade:** This refers to the actual wearing of the uniform. It reflects the cadet's degree of attention to detail, organization, and planning. Normally evaluated Wednesday's unless otherwise instructed. See Attachment 11 at end of this guide for evaluation sheet. The ASI or flight commanders normally conduct the inspections. If the cadet does not wear the uniform properly outside of the classroom, he/she could lose points or could possibly receive a zero, with no make-up option. If any cadet has the same write-up 2 times in a row, or fails to wear their uniform regularly in an acceptable manner, they will be referred to the ASI or SASI for grade determination. If any cadet fails to wear their uniform, 2 weeks in a row, the cadet will be referred to the SASI for counseling and the parent/guardian will be notified. If the cadet fails to comply by the end of the 3rd week, the cadet will be referred to the principal for removal from JROTC with a failing grade. If a cadet fails to wear the uniform it will also result in a failing grade for "Leadership/Followership" for failure to follow instructions.

b. **Drill Grade:** This refers to actual drill performance by the cadet. It will be scored on the drill pad or in some cases in the classroom, gym, etc.

c. Leadership/Followership Grade: This is a monthly grade (Sep – Apr) based on the typical Leadership/Followership traits displayed during the month by the cadet’s daily actions. Your grade for this area will start at 80% (summative grade). We will add your merits to the 80% for your grade at the end of each monthly grading period; or deduct demerits from your grade. You must read Chapter 13 of this cadet guide for more information about Merits/Demerits. The cadet’s conduct and behavior throughout the entire school environment will be a factor. All leadership grades are carefully considered by Lt Col Farr and MSgt Greene. Though advanced cadets can award merits, the SASI will ultimately review and load all grades. In short, the cadet staff can make recommendations; however, Lt Col Farr is the final arbitrator and the teacher who makes the final decision on these grades.

Note: Lt Col Farr will evaluate the leadership/followership capabilities of cadet leaders using the Cadet Officer/Staff Evaluation Form (Attachment 15) or Basic Cadet Evaluation Form (Attachment 16).

Any cadet who is assigned In-School Suspension (ISS) or Out of School Suspension (OSS) for three or more days will earn a Leadership/Followership grade of “zero” for the period; otherwise, the cadet loses 20 points per day in ISS/OSS. This action can seriously impact your overall grade. OSS/ISS or other EPHS discipline brings discredit upon yourself and the AFJROTC program. If you have OSS/ISS on uniform day, you will wear the uniform and it is your responsibility to report to the SASI or ASI during the day and receive a uniform grade. All cadets have the opportunity to present their individual case/circumstances to Lt Col Farr for consideration.

d. Activity Grade: This includes workbooks, projects, study guides, homework, and any special activities. Grades can be given daily on the above activities by the SASI or the ASI. It reflects daily preparation and commitment to participate and put forth effort in the learning process.

e. Final Exam: The final exam is given at the end of the academic term and may include a Drill Performance Test as well as a written Academic Exam.

2. Makeup Work: Make up work is the sole responsibility of the cadet. If a quiz or a test was missed by a legal absence, it may be made up within three school days after the absence. It is the responsibility of the cadet to arrange a makeup work session with the SASI or ASI. The instructor will not remind cadets...it’s your responsibility. If a uniform inspection is missed by a legal absence, the cadet must make up the inspection the first day he/she is back in class. If the cadet does not wear the uniform at the appropriate time, the cadet will receive a “zero” uniform grade for the week missed. The statement, “I did not know what uniform to wear”, will not be honored. Any uniform is better than none. Call a friend, flight commander or call the instructors to find out the uniform for the day. The uniform requirement will always be briefed and posted in the classroom the day prior. Prolonged absences will be dealt with on a case-by-case basis.

3. Extra Credit: Extra credit work will not normally be permitted. However, if a cadet is striving to achieve success and has completed all required assignments throughout the year, to the best of his/her ability, it will be considered on a case-by-case approach. In short, if you blow off assignments throughout the year and have “zeros” for missing assignments, don’t expect the opportunity to improve your grade by doing extra credit work. You need to complete assignments throughout the year before asking for extra credit opportunities.

Chapter 11

AFJROTC Honors & Distinctions

Authority: The Principal of East Paulding High School has authorized the AFJROTC department to award Block “EP” letters and graduation leadership cords (blue & silver) based on outstanding achievement in the AFJROTC program.

Purpose: The award of these honors is reserved for a select few exceptional cadets who best represent the model cadet that other cadets may emulate. These items are not awarded to every cadet who simply meets the minimum criteria to be nominated for consideration. To ensure this privilege maintains the highest of standards, the SASI will award these distinctions extremely judiciously.

Letter Description: The AFJROTC Block “EP” is comprised of gray letters trimmed in black with “AFJROTC” and the Air Force emblem embroidered on the letter.

Authorized Wear of the Letter: The AFJROTC Block “EP” will be presented to cadets who meet established criteria. The block letter may only be awarded once during a cadet’s tenure in East Paulding’s AFJROTC program. The letter will be worn on the EPHS School athletic jacket (or comparable substitute) which may be purchased only with a letter of authorization from the SASI. The cadet’s name may be embroidered on the right chest area of the jacket. No other devices, medals, patches or lettering will be worn on the block letter or letter jacket without permission from the SASI.

Criteria for the Award of the AFJROTC Block Letter: The AFJROTC instructor staff will assess candidates who qualify for award of the letter. The block letter will be awarded at the year-end awards ceremony. Each nominated candidate must meet the following criteria during the academic year to compete for award of the AFJROTC Block Letter:

- Must have a “B” average in AFJROTC for every year in the program.
- No failing academic grades for the current year.
- Successfully completed two full years on the Drill team or Marksmanship team.
- No failed uniform inspections or missed uniform wears (current year).
- No adverse discipline/punishments from the East Paulding discipline code (e.g. OSS/ISS, etc.).
- AFJROTC instructor recommendation.

AFJROTC Distinguished Leadership Stoles: This stole may be awarded to select senior officer leaders within this AFJROTC program. It is intended to be awarded to the Corps and Vice Corps Commanders but may also be awarded to the three additional officers representing the Cadet Corps Leadership team (i.e., the “Committee of Five”). This is a white stole with blue embroidery of the words “Leadership” on one side and “AFJROTC” on the other side. Cadet officers, at this level, are tasked to set an exemplary example at all times: Demotion/Removal from the leadership team will disqualify the candidate for this award. The Senior Aerospace Science Instructor (SASI) retains full authority to grant an exception to policy in circumstances when truly outstanding leadership performance overshadows these guidelines.

AFJROTC Aerospace Science IV Completion Cord: The AFJROTC leadership cords have been amended and are now available for those cadets who have completed four full years of AFJROTC (i.e., 8 semesters; credit may be given for honorable Reserve service) This award is comprised of silver and blue cords intertwined and about four feet in length. A Certificate of Completion or Certificate of Training is issued for program completion (see Chapter 3 for

details). This Cord may also be awarded for serving in an exceptional manner in a formal leadership role within the corps. Please see the criteria below:

Criteria for the Award of the AFJROTC Aerospace Science IV Completion Cord:

- Must be a graduating senior who has served at least four years in AFJROTC (8 semesters).
- Must have earned an A/B grade in each one of their AFJROTC classes.
- Must have a weighted high school GPA of 80% or higher at the end of Fall semester
- No failing academic grades for the current year.
- No failed uniform inspections or missed uniform wears for the current year.
- No adverse discipline/punishments from the East Paulding discipline code (e.g. no OSS/ISS, etc.).
- AFJROTC instructor recommendation.

Note: The Senior Aerospace Science Instructor (SASI) retains authority to grant an “exception to policy” in rare circumstances when truly outstanding performance overshadows a deficiency in any one aspect of the preceding criteria.

Chapter 12

Leadership Development Requirements (LDR)

1. **Color Guard:** This elite group has the honor of presenting the national and state flags at school and community events. Distinctive uniform items are worn by the Color Guard. Each cadet has an opportunity to train for the Color Guard team.
2. **Drill Team:** A tremendous amount of effort is required in this activity. Here is a chance to polish the basic skills learned. After school practice, extreme dedication, concentration, complete compliance with the Drill Team Commanders' commands, extra care of the uniform, the desire for public exhibition and recognition, and individual desire will limit this activity to about 30% of the Corps. Drill Team is considered a Club for Drill Team members only. Not for those trying to earn a spot on the team.
3. **Saber Team:** This team is trained to use ceremonial sabers for specific events. Homecoming events, recognition ceremonies, military ball, etc.
4. **Kitty Hawk Society:** This is the official AFJROTC and National Honor's Society. It strives to promote high academic standards, service to the school and community, promote initiative and self-confidence, develop leadership skills, promote academic excellence, encourage educational development after high school, and further the Air Force's role in aerospace education.
5. **Marksmanship Program:** Competitive shooting at Air Force and Georgia High School Association events. An air rifle (.177 caliber) is used for the unit's Civilian Marksmanship Program which utilizes either compressed air or compressed carbon dioxide.
6. **Rocketry Program:** Design, build, fly and recover small rockets that are made of paper, plastic, balsa wood, or other lightweight material. An exciting introduction into aerospace engineering, design, and basic concepts of flight and space.
7. **Orienteering Team:** Orienteering is a competitive sport that combines racing with navigation. It is a timed race in which individual participants use a specially created, map to select routes and navigate with a compass through diverse and often unfamiliar terrain and visit control points in sequence.
8. **Aerospace Static Model Program:** Design and/or build small rockets, planes, or other aircraft/spacecraft. Learn about aerospace engineering, design, and functionality in the Air Force.
9. **Air Force Weather Agency Program:** Increase cadet's knowledge and appreciation for the role weather plays in the operational world of aviation safety.
10. **Social Activities:** The cadet squadron conducts various social events that may include an Awards Banquet, Military Ball, Field Day, Picnic, Skating Party, Parades, etc. These events are planned and organized by the cadets,

open to all cadets, and are integral parts of the AFJROTC program. Many of these activities are mandatory events so you must plan accordingly.

11. **Curriculum in Action (CIA):** Trips to Air Force Bases, aerospace museums, colleges and universities are an important part of the Aerospace Science curriculum, and are real highlights of the school year. All cadets in good standing such as cadets passing the course with a 70, or higher; and/or cadets with no disciplinary infringements (i.e., ISS/OSS/instructor recommendation) will have the opportunity to participate with parent's approval.

12. **Multi-Copter Program.** We provide a group of cadets to learn and engage in one of the fastest growing STEM programs in the nation today. The ability to fly a drone and use it for recreational or commercial activities is available to all cadets in our program.

13. **Fund Raising:** Various fund raising activities are conducted to support numerous functions. The success of any fund raising effort depends largely on the support of each cadet.

14. See The Air Force JROTC Consolidated Operational Supplement for additional information on co-curricular activities.

Chapter 13

Cadet Promotions

The quest for temporary promotion provides constant challenges and motivation to cadets. This challenge is appropriate since the change of insignia that accompanies a temporary promotion is visible evidence of progression and standing among contemporaries. Also the insignia is evidence of growing maturity, the ability and willingness to accept additional responsibility, and demonstrated growth leadership.

1. Promotions in high school AFJROTC are based on self-initiative.
2. There are two types of grades a cadet may hold:
 - a. **Permanent Grade:** Permanent grades and all permanent promotions are dependent on satisfactory performance. The lowest permanent grade increases one grade for each year in the program. For example, the lowest permanent grade for Aerospace Science AS-I cadets is Cadet Airman, for AS-II cadets it is Cadet Airman First Class, for AS-III cadets it is Cadet Senior Airman and for AS-IV cadets it is Cadet Staff Sergeant. For AS-I cadets, these grades will be assigned at the end of the first nine weeks. For advanced cadets, permanent grades will be assigned at the beginning of the new term. At that time, the insignia to be worn will be that of the cadet's permanent grade unless the cadet is awarded higher temporary grade. Officer rank may be achieved after being selected and worn while successfully serving in an Officer position. Removal from an officer position will typically result in a return to applicable AS-level permanent rank.
 - b. **Temporary Grade:** Temporary promotion is not automatic, but instead depends on the performance of the cadet. Temporary grades are awarded only when they are higher than the permanent grade. A cadet, who has both a temporary and a permanent grade, will wear the insignia of the temporary grade since it will always be higher.
 - c. Cadet Officer rank are temporary grades usually based on the position they hold. Cadet Officer positions will normally be filled by senior cadets or deserving junior cadets. Junior cadets usually fill top NCO positions. Consideration is normally given to previous military experience such as Civil Air Patrol, prior Junior ROTC training, etc. **Cadet officers (and officer candidates) must attend the Officer Training School course each year to retain, or hold, officer rank/status. Cadets who fail to complete the annual course will return to her, his, permanent rank.**
 - d. Cadets initially assigned to command and staff positions will not be awarded the highest grade authorized. This will permit promotion based on actual performance in that position.
 - e. A cadet will not normally hold a grade higher than that authorized for his/her position. Exceptions are made for cadets who are assigned to special functions or advisory positions where there special talents can be used to benefit the
3. The following are promotion policies:
 - a. The SASI will select the Cadet Squadron Commander, subordinate commanders, and staff members. Special Orders published by the Executive Officer will announce promotion actions approved by the SASI.
 - b. Cadets will normally serve in an assigned position for a complete academic year. On occasion some positions may be rotated during the semester.
4. Cadet officer promotions are based on the "Whole Person Concept" with consideration given to the followings (see attachment 17 for officer evaluation rubric):

- a. Academic Leadership: How well does the cadet perform on quizzes and examinations, class projects and presentations? Are assignments completed on time?
 - b. Organizational Leadership: How well does the cadet function in positions of leadership? Does the cadet command respect? Does the cadet give proper consideration to subordinates? How does the cadet appear in uniform? Does the cadet wear the uniform weekly as required?
 - c. Co-Curricular Activities: To what degree does the cadet carry interest and enthusiasm beyond the classroom? Does the cadet participate and demonstrate excellence in all cadet activities?
 - d. Responsibility: How does the cadet accept job assignments and responsibilities? Does the cadet volunteer for additional duties? Does the cadet accept responsibility for the proper care of the uniform? Is the cadet always on time? Is the cadet always prepared for class?
 - e. Service: To what degree does the cadet serve the school, church, community, and the cadet corps?
 - f. Organizational Support: Does the cadet perform above and beyond normal duties? To what extent does the cadet participate in the flag detail, Color Guard, parades, fundraisers, etc.?
 - g. Military Appearance. Does the cadet wear the uniform weekly as required?
 - h. Program Impact: What impact has this cadet made on the future of our program? Has the cadet participated on a team; initiated any new process or procedure that has elevated or significantly improved our program?
5. Enlisted: Promotions: All the enlisted cadets will have the ability to apply for promotion throughout each academic year. Each promotion will require a specific portion of the Cadet Achievement Record (CAR) be completed prior to applying to meet the promotion board. Once you've passed the promotion board, the final decision on any promotion will be made by the SASI. The cadet will then be given a specific promotion date. The SASI or ASI will review the academic and discipline records for each cadet and make the final determination on who gets promoted. In short, we will not promote cadets to a higher position simply because they complete the paperwork.

Chapter 14

Merit/Demerit Program

The Merit/Demerit program is designed as a leadership tool for recognizing and dealing with the mistakes and wrong choices you are apt to make as a cadet in a leadership program. This system is not designed to punish the individual for the mistakes they make, but rather, to give them an opportunity to correct their own mistakes. This program is designed to “get the attention” of a cadet so she/he can correct the undesirable behavior. Continuous, or repeat, violations will be documented on a Letter of Counseling.

1. Your goal is to earn more merits than demerits! Demerits must be worked off by earning merits. The SASI will have a total of merits and demerits for each cadet for each monthly period: They will be converted into a grade and loaded onto Infinite Campus. The list below has many examples of how merits/demerits may be earned:

Merit Activity	Demerit Activity
Color Guard	Failure to Wear Uniform
Parade Participation	Disrespect
Build Rocket/Model Airplane	Insubordination to an Instructor
AF Presentation – See SASI	Insubordination to a Student Leader
AF Report – See SASI	Class Disruption
Additional Uniform Wear	Eating w/o Permission
100% Uniform Grade	Vandalizing
100% on Drill Grade	Profanity/Obscene Gestures
Top Fundraiser	Improper Uniform Wear
Attend Drill Comp	Fighting
Compete in Drill Comp	Not Following Directions
Special Event Participation	Sleeping in Class
Promotion	Cell Phone Usage w/o Permission
Cleaning up the Facility	Stealing
Meet Fundraising Goal	Rude Behavior
	Cheating

2. The objective is to always have as many merits on your account as possible. Merits will be treated as extra-credit points for your Leadership/Followership grade. The only way you will ever lose your merit points is by receiving demerits. Every month, your beginning grade is 80% and a maximum of 150% (SASI may exceed the maximum at his discretion). The SASI can use merits in excess of 100 to “raise” other (lower) grades such as uniform wear, or various assignments, during the same month. An instructor, or a Senior Cadet Leader, may evaluate the leadership/followership capabilities of cadet using the Cadet Officer/Staff Evaluation Form (Attachment 17) or Basic Cadet Evaluation Form (Attachment 18).

NOTE 1: See Chapter 10 for additional grading information concerning this program.

NOTE 2: Only Merits are given during August: Demerits can be administered beginning in September.

Chapter 15

Cadet Squadron Organization

Cadet Organization: The GA-20051 AFJROTC Cadet Squadron will be organized in accordance with AFJROTC directives. A current organizational chart will be published each year.

Unit Manning Document: A Unit Manning Document (UMD) will be used as a guideline for cadet positions and rank authorizations. See attachment 16 for the UMD.

Cadet Appointment and Rotation of Duties: Air Force directives state that the Senior Aerospace Science Instructor (SASI) will select the cadet chain of command and establish rotation and promotion policies. Cadets should experience ever-increasing rank and responsibility if performance, attitude, and leadership ability warrant such advancement. Cadet positions may also be rotated, if necessary. Special promotions may be made by the SASI in order to fill a need or to recognize special merit.

Cadet Selection Criteria: Attitude, performance and dependability have always served as the measuring tools for placing cadets in leadership positions. Cadets will not be selected for leadership positions based solely on gender, ethnicity, or academic standing. Honest & hardworking are highly sought attributes of our cadet leaders.

Cadet Staff Meetings: The Cadet Squadron Commander will conduct a staff meeting for her/his key officers as required. The “Committee of Five” will meet more frequently as the Corps leadership team.

Demotion Criteria: Cadets who are unwilling or unable to perform the duties required, or clearly show that they do not intend to accept all the responsibility associated with a position will be removed from that position and awarded the appropriate permanent rank.

Permanent and Temporary Rank: Cadets will wear the permanent rank assigned to their AFJROTC academic year when not holding a position which calls for higher (temporary) rank. Temporary rank will be awarded by the SASI based on the position to which a cadet is assigned. Temporary rank will not automatically be carried over from year to year, and it may be changed any time due to position changes, special promotions, unsatisfactory performance, or demotions.

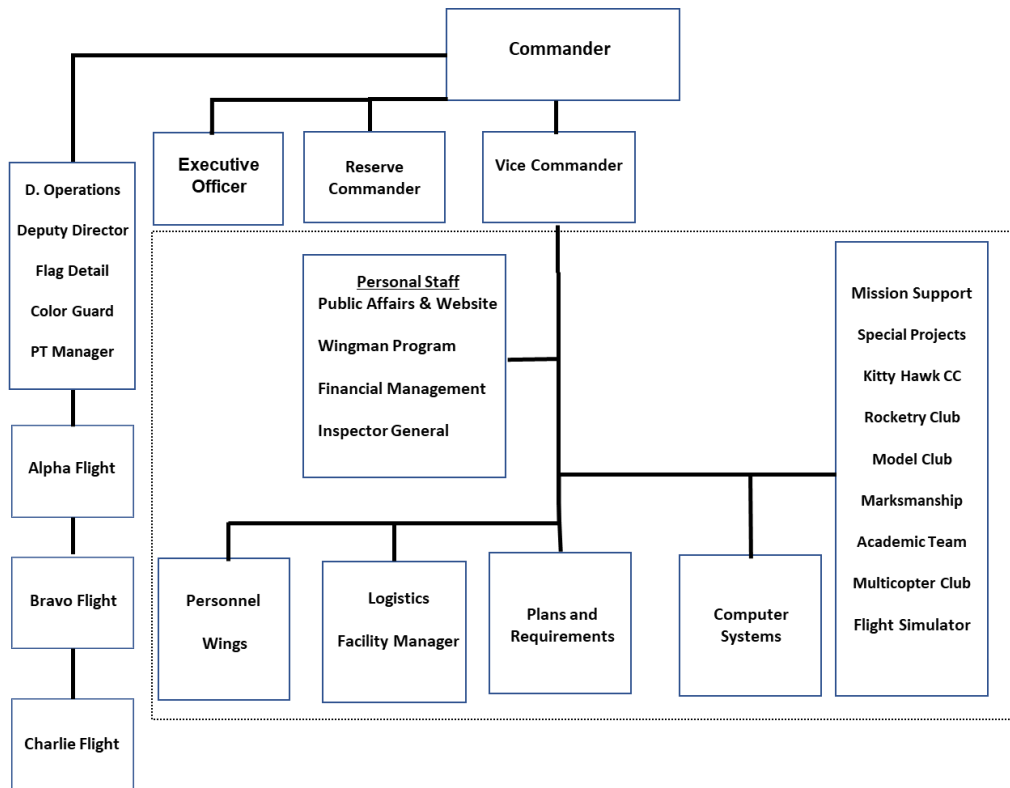

Assignment of Rank: When assigned to a position, the cadet may not be automatically awarded the highest temporary rank authorized by the UMD. Cadet performance will be monitored for a period of time before the cadet is promoted to the highest rank authorized, as determined by the SASI.

NOTE: Cadet rank may be removed at any time by the SASI for undesirable behavior or a lack of adherence to AFJROTC standards.

Organization and Staff Functions

The Organization Chart below shows the functions of the Squadron. Each cadet should become familiar with all of the functions to gain a more complete understanding of those jobs as they relate to the Squadron. This chart also reflects the Chain of Command by a line connecting the functions or positions. Information, guidance and decisions flow down the chain of command in the form of oral and written instructions. Information and recommendations, which are used by cadet leaders in decisions, also flow up the chain of command. Information flow and coordination between lateral functions are also necessary for efficient staff functioning. Unless there is a free communications flow throughout the organization, the Squadron will quickly become ineffective.

GA-20051 Organizational Chart

Chapter 20

Military Coin Challenge

Members of the U.S. military have a long-standing tradition of carrying a special coin symbolizing unit identity and esprit de corps. With bonds forged in battle, thousands of miles from home, these custom coins minted for military units – each bearing their own revered symbols and mottos – capture in metal the essence of their affiliation and their fierce pride. Known to generations of American military personnel as challenge coins, they are a vital part of military life today and are revered by troops in every branch of service.

Today, challenge coins are carried by soldiers, sailors, airmen, and Marines, as well as lawmen and firefighters. These coins identify the bearer as a member of a particular unit with a well-defined history and mission. And, wherever warriors gather, they challenge each other by “coining.” The group’s unique coin is slammed on a table, desk, or counter top, to challenge all in the group to display their own coins; he who is last must pay a penalty.

The cadets within our Air Force JROTC unit choose to honor those who have placed themselves in harm’s way by participating in a coin challenge program. The rules are listed below for all cadets who voluntarily enroll in this program; however...beware! A “challenge” can cause different effects—win the challenge and your morale soars—lose the challenge and the morale of others soar!

RULES OF ENGAGEMENT (Voluntary Program Only)

1. A participant **MUST** register their coin before participating in a coin challenge with the Executive Officer. Each Flight Sergeant will keep a binder with the name of participants and coin descriptions.
2. Authorized challenge coins may be any military organizational coin, a unit coin, a souvenir coin, old currency coins (silver dollars, silver half dollars) or any coin an instructor authorizes.
3. A challenge is made by a challenger placing his/her coin intentionally on any flat surface or unintentionally on a flat surface (i.e., dropped coins do not need to be still, stopped spinning, or flat.)
4. The participants must produce their coin within 30 seconds of a challenge without leaving the room.
5. Any participant(s) unable to produce their registered coin will buy all participants present a drink/soda of the challengers/losers choice. A drink is classified as a purchased item (CapriSun, sodas,

Hi C, etc.). An instructor may substitute the “drink” consequence with a gesture, or act that builds character.

6. If everyone being challenged produces their coin, the challenger must buy the drinks/sodas for all the registered participants only.

7. Failure to buy drinks is a despicable crime and you will be removed from all future coin challenges. You have only one week to pay up! The flight representative will keep a record of all coin challenges.

8. Coin challenges are only allowed with prior instructor permission. Any and all unauthorized coin challenges will result in the challenger to buy drinks for all registered participants.

9. Only one coin check per 24 hours while on field trips. This will give participants who have lost or misplaced coins a chance to purchase and reregister the new coin.

10. All disputes will be decided by the lowest ranking cadet!

The Air Force Song

Off we go into the wild blue yonder,
Climbing high into the sun;
Here they come zooming to meet our thunder,
At 'em boys, Give 'er the gun! (Give 'er the gun now!)
Down we dive, spouting our flame from under
Off with one helluva roar!
We live in fame or go down in flame. Hey!
