

A Suitcase for Your Phone

Planning on traveling this summer? Having everything you need in one place helps. The Eyn case is not only a durable phone case, but it doubles as a wallet and compact mirror—making it the perfect bag and wallet substitute for safe keeping on all types of summer adventures, whether it be hiking the Himalayas, soaking up the sun in the sand or hitting the big city.

The Eyn case is available for the iPhone and Galaxy and comes in a variety of colors and prints. The case can also be customized with initials or icons. EYN cases can fit on most smartphones including the iPhone 4/4S, iPhone 5/5S, iPhone 6/6plus and the Samsung Galaxy S4 Android phone. The Eyn cases (which stands for “everything you need”) are 5” x 2 3/8 x 3/4, and services as an all-in-one storage piece for cash, credit cards, keys, and of course, your smart phone. EYN has a built-in storage compartment that also serves as protection for your smart phone as well. Also included is a mirror inside, which doubles as a stand to rest your case.

Cases are available in many colors, and each includes a strap to go around your wrist while going out to functions or just going to the gym. Price: \$29.99. They’re available at www.eynproducts.com/collections.

Keep Your Drink’s Cool This Summer

A sure sign of the Florida summer is melting ice. No, not outside, but in your drinks. And that means a quickly watered down soda or cocktail. Cork Pops’ Stainless Steel “Ice” cubes ensure the perfect drinking temperature of any beverage without all that melting.

Cork Pops’ Stainless Steel “Ice” cubes are made of food-safe freezer gel encased in Stainless Steel and the rounded edges won’t mar glasses. The cubes come in a set of four and cost \$23. They’re sold at Venice Wine & Coffee Co (941-485-1668) as well as at www.CorkPops.com.

This kind of Snow is Never Wanted

Dandruff is never attractive so it’s good to know that derma e® has two new products to treat the scalp – the derma e® Scalp Relief Shampoo and Scalp Relief Conditioner. They can treat scalp dandruff, eczema and psoriasis without leaving hair greasy/limp.

Unlike other hair and scalp treatment products that only address one or two dandruff causing factors, derma e® Scalp Relief formulas work in four ways to improve the condition of the scalp and hair, from root to tip. They’re clinically tested, allergy tested, coal tar-free, pine tar-free, steroid-free, prescription-free, 100% vegan, cruelty-free, paraben-free, sulfate-free, mineral oil-free, lanolin-free, gluten-free, GMO-free.

Both formulas contain Therapeutic Psorzema® Herbal Blend. Neem, Burdock and Bearberry gently soothe the scalp and promote optimal hair health. Tea Tree and Menthol calm and cool itch on contact. Salicylic Acid penetrates to lift away excess flakes and surface buildup, helping maintain scalp purity over time.

They cost \$11.75 for an eight-ounce tube of Scalp Relief Shampoo or Conditioner. derma e is sold at Whole Foods and other retailers such as CVS, or can also be purchased at www.dermae.com.

Lighter Fluid Fumes no More

It’s one of the smells that spells anticipation of a great barbecue. Problem is, the odor of lighter fluid that wafts through the neighborhood isn’t really all that pleasant. While lighter fluid can be a quick shortcut to get finicky briquettes hot faster, it also exposes food to chemicals and can tarnish the flavor of a meal.

The new Bison Airlighter combines a high velocity, 4-inch flame with a jet-air-stream to ignite charcoal grills instantly, eliminating the need for lighter fluid. And, the Airlighter is safe to use because its long design keeps hands far away from the fire and the metal tube will never heat up eliminating the potential for melting a countertop or a child burning fingers.

The Airlighter greatly reduces the amount of fuel needed to get your grill going. And, it is also the safest way to start and maintain your grill, avoiding unwanted lighter fluid burn accidents. The super-heated 2,600 degree flame can overcome wind, rain and stubborn to light fuel with ease. Once kindling is ignited the flame can be turned off and a built-in, cool air fan will deliver powerful airflow to quickly spread flames throughout the fuel pile stocking the fire to high heat for the fastest cold to cook time.

The handle makes it easy to maneuver the Bison Airlighter into any grill, fire pit or fireplace and the LED flashlight on the front of the device improves visibility for lighting fires at night. The storage hook on the underside of the Airlighter can even be used as a bottle opener.

The battery in the Bison Airlighter can be used for 30 minutes, or up to 40 barbecue lightings before it will require charging. Designed with a standard USB port the Airlighter can be charged at home with a wall outlet adapter or on the go in a car. The Bison Airlighter costs \$79.95. To purchase or for additional information visit www.airlighter.com.

Protect Your Eyes This Summer

With Zoinx sunglasses you won't have to worry about losing your shades while having some fun in the sun. These sunglasses feature a patented clip, which allows you to keep better track of your shades. Not only can you clip them to your bag or belt, but each pair of sunglasses also comes with a sport strap, zipper pouch, flotation insert, and waterproof emergency info card.

The sport strap links into the temple clips and helps keep your shades in place when you're on the move. Clip in the optional Zipper Pouch with the included flotation insert and you won't have to worry about your glasses ending up at the bottom of the lake. The waterproof emergency Info card is a great place to put your necessary contact information, in case you lose your Zoinx. The zipper pouch can also be clipped around the wrist while you run or bike, keeping your emergency info, house key and some spare cash close at hand

Zoinx sunglasses are equally customizable. You choose your frame style, frame finish, temple color, and zipper pouch/sport strap color for no additional costs. For more information, visit www.zoinxsunglasses.com.
