CAMP SCIENCE OLYMPIAD
AT DUPONT MANUAL
120 West Lee Street
Louisville, KY 40208

Camp Science Olympiad is a weeklong immersion for students into the world of Science Olympiad (SciOly or SO) competition lead by the award winning duPont Manual Science Olympiad Students.

If you have never participated in SciOly before, here is your opportunity to learn all about it in a fun and friendly environment. If you are a veteran of SciOly, come and learn how you can improve your skills and try new events that you may not have tried before!

Science Olympiad is an academic competition where teams of 15 students compete in 23 different events. The events range from engineering events where the students build apparatuses to perform a given task to study events where students take tests at completion and try to outscore their opponents.

The camp will focus on a different engineering events and two different study events daily from Monday through Thursday. Each student will have the opportunity to attend any of the clinics held each day. On Friday morning, the campers can either continue to work on any of their engineering models or attend another study event followed by a pizza lunch. In the afternoon, parents are invited to watch the engineering competitions from 1 PM-3PM.

Date- Monday June 6 through Friday June 10, 2016

Time- 9am-3pm, drop off beginning at 8:30am

Location- DuPont Manual High School, 120 West Lee Street, Louisville, KY

Learn more about SciOly at <http://www.soinc.org>

Camp fee- The \$300 fee includes daily snacks and drinks, all engineering building supplies, lunch on Friday, and a camp T-shirt. Please bring a sack lunch Monday-Thursday.

The study events and engineering events will be chosen based on what the possible events for the 2016-2017 competition season. Possible engineering events may include Bridges, Bottle Rockets, Air Trajectory, and Wright Stuff. Some of the study events include Anatomy, Dynamic Planet, Disease Detectives, Experimental Design, Fossils, Write it Do it, and Crime Busters. Four different engineering and nine different study events will be offered during the week.
