Let Experience be Your Guide

**PHYSICIAN PART-TIME – MULTIPLE LOCATIONS INCLUDING:**

- Visalia, California
- Orlando, Florida
- Des Moines, Iowa
- Columbia, South Carolina
- Tulsa, Oklahoma
- Virginia Beach, Virginia
- Canton, Ohio

**WEBCO HR, Inc.** is seeking Part-time Physicians for one of our clients located in the above listed locations throughout the United States.

**SUMMARY:**

Our client is has immediate openings for a part time, Contract Physicians acting as the Center Medical Director / CLIA Lab Director.

They are seeking a Part time Contract Physicians who will be responsible for ensuring donor suitability, product integrity, and the continued good health of donors through compliance with FDA regulations and their Donor Center SOP. You will not be seeing patients in this role, you will primarily be quality checking work and information and signing off on that. Our client does provide on-the-job training. The position requires just 4 hours per week and it is a perfect opportunity to earn additional income.

Because this is a new location, we will begin the contract by paying you your monthly stipend. As we get closer to the opening of the center, they will contact you to begin working 4 hours per week. You'll receive the hourly rate for hours worked at this point.

The center will be open limited hours in the beginning as it builds a donor base. Likely the hours will be 8am-5pm M-F. Eventually, the center should be open extended hours 7 days a week.

**RESPONSIBILITIES:**

Oversee EMT/LPN/RN (Physician Substitute) performing the following tasks:

- Determine plasma donor suitability based on company Standard Operating Procedures (SOPs).

This includes:

- Review of medical health histories

- Physical assessment
- Review of plasmapheresis procedure, hazards, potential adverse reactions, and specific immunization programs if applicable
- Providing informed consent
- Counseling of donors regarding deferrals Responsible for servicing of business unit's CRA loans, processing replacement reserve transfers, annual increases and draw requests.
- Documentation of interactions with donors
- Review of donor treatment and suitability following adverse events related to plasmapheresis.
- Provide training for donor center medical personnel including, Physician Substitutes and other Physician(s).
- Review lab results, as required, and exercise independent judgment to determine donor's future suitability.
- Perform CLIA Lab Director responsibilities for Moderate Complexity Testing.

#### **REQUIREMENTS:**

- Skills and Certifications [note: bold skills and certification are required]
- Must be a graduate from a licensed medical or osteopathic school
- Must be currently licensed in the state in which the center operates
- Must be a board certified Pathologist (Anatomical or Clinical)
- Must be available for phone calls during the hours that the center is open. Typically limited to 3.

#### **COMPENSATION:**

- Base Salary
- Full Benefits

#### **THE COMPANY:**

Our client is a United States based company that collects plasma used to create life saving medicines for patients around the world. They run more than 80 donation centers in the United States and employ more than 3,500 people nationally. Their donors are their most valued customers because they make saving and improving lives possible every day.
