

CADD Technologist - Edmonton

Scheffer Andrew Ltd. is a medium sized engineering and planning consulting firm, which has operated in Western Canada, primarily Alberta, for more than forty years. Our work focuses on municipal, land development, transportation planning and engineering.

Scheffer Andrew Ltd. is currently seeking a CADD Technologist with a minimum of 5 years experience. This CADD Technologist reports to and works under the direct supervision of the CADD manager.

Duties of this position will include and are not limited to:

- Preparing plans, sections, details and schematic drawings
- Coordinating project drawings with project managers, CADD Staff and others
- Ensuring that the projects' needs are met in a timely and effective manner
- Understanding, using and adhering to Scheffer Andrew's CADD Standards
- Maintaining the Firm's standard electronic drawing file organization for projects

The ideal candidate will have:

- An Engineering Design and Drafting Technology diploma or equivalent from a recognized college
- A minimum of 5-7 years of experience is preferred, with preference given to candidates with Municipal experience.
- Working knowledge of AutoCAD 2015 or higher and Civil 3D
- Familiarity with various Municipal and Provincial design and drafting standards- particularly those of Alberta Transportation and The City of Edmonton.
- Ability to complete some design tasks with supervision.
- Ability to prioritize multiple tasks and demonstrate a flexible approach to work assignments
- Ability to work in team setting with strong interpersonal and communication skills

For more information about working with Scheffer Andrew Ltd. please visit www.schefferandrew.com . Resumes can be sent to employment@schefferandrew.com.

We thank those who express an interest. But only those candidates who best match our requirements will be contacted.
