# MAZEL TOV!

## LADY NINA GLOVER HONORED BY CIGNA DURING NURSE'S WEEK

### Meet Nina Glover

Partnership for Quality Team Lead

### What keeps you inspired and excited about nursing?

Nursing is always evolving and continuously changing. I love that I am in field that inspires me to grow and learn more to help my patients, family, and friends. My nursing skills allow me to be a resource to any community, no matter where I am located in the world.

### How do you approach 'whole person health' with your customers and patients?

I am always aware that a patient is not just their health condition. The mind, body, soul, and social determinants all impact the patient's overall health. Therefore, I must use a holistic approach in order to serve patients with high-quality care.

### How do drive Cigna's mission forward?

Cigna's mission is aligned with my personal and professional beliefs and goals for high-quality patient care – improve their health, well-being, and peace of mind. Each day my purpose is to help our members receive the most effective and efficient services that will improve their access to care, promotes healthier living, and provide internal/community resources that will fill in the gap for financial support.
