Stone House Farm & Inn

Established 1813. Reimagined 2021.

## Preparing for Fall at the Farm

As the autumn breeze starts to settle in, we saw a chance to gather firewood at Stone House Farm. This will enable our guests and participants to take advantage of our newly-installed fire pit.

## Revitalizing the Barn

Our team of participants worked with enthusiasm to apply a fresh coat of paint to the lower section of our barn. This area is being transformed into a beautiful retail space, where we will sell our fresh produce.

## Fostering Artistic Expression and Community Unity

Throughout the summer and fall, our farm had the privilege of hosting local artists who partnered with our participants and community members to create environmental art installations. This initiative offered a valuable opportunity for everyone involved to showcase their creativity. This project was possible from Arts for All, an initiative of the Greater Harrisburg Community Foundation, a regional foundation of The Foundation for Enhancing Communities.
