The **South Carolina Coastal Regional Mustang Club** is a chartered member of the **Mustang Club of America**. The club is better known as the **Low Country Mustang Club of Charleston, SC**. The MCA charter was reinstated in the fall of 1993. The **LCMC** is a nonprofit organization dedicated to local community service and the enjoyment and preservation of the Ford Mustang and its heritage. Membership is \$15, which is due before February 1st and prorated annually for new members. MCA membership is a requirement for LCMC officers and is encouraged for all members.

Words from the President

Hey, Guys,

Recently, about 10 of our club members attended the "Georgia on my Mind" National Mustang Show in Augusta, GA. It was the first time I had attended one in five years and although it was hot, rainy and a lot of work to get my car ready, you realize the friendships and just good people that are in this hobby.

While I cleaning my car, Deb Beck, who is a member of the Asheville Club, came over and helped me clean under my hood for about an hour and a half, Smitty from the Florence club, loaned me a can of paint to touchup my firewall. Members of our own club helped each other as necessary to make sure everyone made it safely to the show and back. And yes, everyone was rewarded with a trophy from our club

and we had some great fellowship before and after dinner each night.

So, you see, the whole Mustang club thing isn't about spending about \$600 for a weekend to win a \$25 trophy, it's about the friendships and lasting memories that are created and the caring for one another that stays with you for life!

Posted for Your Information

I am writing to you in your capacity as officers of several Mustang Clubs in the Southeast. In 1965 my mother bought a blue Mustang coupe and has had it ever since. It has always been kept indoors and has been in their garage in Augusta, GA since the late 1980s. I recently moved it to a storage unit in Augusta and it is now for sale. It is in good condition but has not been run since the late 1990s. If you know of anyone who would be interested in buying it, please forward this email to them and I would be glad to show them the car.

Thanks for your help in getting this classic to someone who will love it as much as my mother does.

Just for Fun!

Modern Miracles

Two young boys walked into a pharmacy one day, picked out a box of tampons and proceeded to the checkout counter. The pharmacist at the counter asked the older boy, "Son, how old are you?"

"Eight", the boy replied.

The man continued, "Do you know what these are used for?"

The boy replied, "Not exactly, but they aren't for me. They're for him. He's my brother. He's four."

"Oh, really?" the pharmacist replied with a grin.

"Yes," the boy said. "We saw on TV that if you use these, you would be able to swim, play tennis and ride a bike. Right now, he can't do none of those."

Blessed Second Marriage

The minister dies and the congregation decides, after some time, that his widow, should marry again. Since it's a small village, the only available candidate is the local butcher. Although very reluctantly, since she was used to living with a bible scholar, she accepts.

After the marriage, on Friday night just after taking a bath - the new husband tells his wife, "Look, my mother always said that before the beginning of the weekend it was a blessing to have sex."

They do it and then on Saturday he tells her, "According to my father it is a blessing to have sex during the day before the Sabbath."

There they go again and when it is time to go to sleep he tells her, "My grandfather told me that one should always have sex on Sabbath night."

Finally, they go to sleep and when they wake up the next morning he tells her, "My aunt says that a Christian man always starts the Sabbath by having sex. So, let's do it."

Finally, on Monday she goes out to the market and meets a friend that asks her, "So, how is the new husband?"

"Well, an intellectual he isn't, but he comes from a wonderful family."

Editor's Notes

Okay, this is really different this time! Been a long time since I had to write this thing from other than the Treasurer's angle! I'm going to have to count on some folks to supply information to me that I was used to already having myself.

Good News is that the bank finally came around and we got everything straightened out with them! Mary is on board as Treasurer and we are non-profit like we're supposed to be! Mary is a little worried over my computer file system, but we'll get that ironed out and she'll decided what she wants to keep as it is and what she wants to improve. She can make it comfortable for Mary! Kurt and I will help!

Next meeting at the C&W Super Buffet, 6195 Rivers Ave., North Charleston. It's time to get heavy into the annual show preparations! We talked about a committee last month, got side-tracked into manning positions at the show, and that's important, too, just out of sequence.

If you are selling, trading, searching for something special and would like it in our classifieds, send it to us! If there is a special article or topic you like to see in the newsletter please let us know! Do you have a favorite Mustang story you would like to share, let us know! Or just anything you would like to share with the club, please email information to ronsmith55@comcast.net.

The only restriction we have is that we keep the total pages to 12 (that's 6 pages both sides).
