Public Hearing

**In Attendance:** Rick Sullivan (Chair), Nate Stacey (Vice Chair), Brendan Adelman, Clifford Krolick (Alternate), Thelma Lavoie

**Absent:** Gerard Clifford (Alternate), Andy Yale

**Also, In Attendance:** Lindsay Gagne, Harvey Macomber, Tiffany Brendt, Michael Couture, Sarah Ruby, Edward Griggs, Gary Taylor, Linda Marsh, Michael Shaw, Chris Gadomski, Marlee Walker, Jen Lewis, Trevor Sanborn(Of Limerick), Hillary Lister(Of Augusta).

**Mr. Sullivan** Opens the public hearing at 6:59pm. He explains this is for a draft warrant article for a Recreational Marijuana Facilities “Opt in”.

**Public Member** Asks what the warrant article is opting into more specifically

**Mr. Stacey** States this would be opting into allowing facilities for cultivation, testing, manufacturing or retail sales for recreational facilities. If voted no, it will not change the adult use laws for home cultivation. If voted yes, then it would allow for these types of facilities to operate within the town, however, the moratorium would prohibit these types of facilities temporarily, giving the board some time to then draft zoning ordinances.

**Mr. Sullivan** States it is not required to have a vote to opt in, but by holding a vote will give the town the choice.

**Public Member** Asks if the this would have any effect on caregivers.

**Mr. Adelman** States this is only for recreational marijuana businesses and will not have any effect on the medical caregiver side or the personal growing for adult use.

**Public Member** Asks if this were voted yes, what would be addressed for outdoor cultivation of marijuana

**Mr. Sullivan** States during the moratorium, the board would begin the process of crafting zoning ordinances for recreational facilities. The board will vote at their next monthly meeting to finalize the draft warrant article and then pass it to the select board to coordinate a special town meeting for a vote on the warrant article.

**Ms. Brendt** clarifies the vote would allow the board to start the process of amending the zoning ordinance and so by a no vote, there would be no further work on it, but a yes vote would allow the board to begin crafting ordinances.

**Mr. Stacey** Explains if voted yes to opt in with a moratorium and the board crafts the zoning ordinances, those will have to be voted on as well. If the zoning ordinances don’t pass, then by default the facilities will be allowed and regulated only by state law.

**Mr. Krolick** States there will be multiple workshops and a public hearing if the board were to amend the zoning ordinances.

**Ms. Gagne** Explains the moratorium can be 180 days and, if needed, the select board can extend it with good cause.

**Public Member** Asks if the moratorium is necessary

**Mr. Stacey** States if we opt in without a moratorium, it would allow the facilities by state law with no zoning. If we later craft an ordinance, then anything that comes before an ordinance is enacted, it would be grandfathered in.

**Mr. Sullivan** Asks if there are any other questions or comments. There are none, the public hearing closes at 7:15pm.
