

May we think
of freedom, not
as the right to
do as we
please, but as
the opportunity
to do what is
right.

Peter Marshall

"We're blessed with the
opportunity to stand for
something—for liberty
and freedom and fairness.
And these are things
worth fighting for, worth
devoting our lives to."

—RONALD REAGAN,
40TH PRESIDENT OF THE UNITED STATES

Climate Church Good Creation

Kingdomtide

Genesis 2:15-25

YahWeH's Creation on Human Hand.

King David (1010-970 BC)

Solomon (970-931 BC)

Rehoboam (931-912 BC)

"The Lord God took the man and put him in the Garden of Eden to work it and take care of it."

~ Genesis 2:15

PEDIGREE OF MAN.

Genesis 2:15-25

Theological Inspiration above Biological Discovery

Genesis 2:19

Now out of the ground the LORD God had formed every beast of the field and every bird of the heavens and brought them to the man to see what he would call them. And whatever the man called every living creature, that was its name.

Genesis 2:15-25

Man & Woman are Accountable for Good Kingdom.

כב ויבן יהוה אלהים את-הצלע אשר-לקח מן-האדם, לאשה; ויבאה, אל-האדם.

22 And the rib, which the LORD God had taken from the man, made He a woman, and brought her unto the man.

כג ויאמר, האדם, זאת הפעם עצם מעצמי, ובשר מבשרי; לזאת יקרא אשה, כי מאיש לקחה-זאת.

23 And the man said: 'This is now bone of my bones, and flesh of my flesh; she shall be called Woman, because she was taken out of Man.'

כד על-כן, יעזב-איש, את-אביו, ואת-אמו; ודבק באשתו, והיו לבשר אחד.

24 Therefore shall a man leave his father and his mother, and shall cleave unto his wife, and they shall be one flesh.

כה ויהיו שניהם ערומים, האדם ואשתו; ולא יתבשו.

25 And they were both naked, the man and his wife, and were not ashamed.

CLIMATE JUSTICE

ENVIRONMENTAL JUSTICE

What do the facts say?

- Carbon dioxide and other heat-trapping pollution, mainly from cars, power plants and other industrial sources that burn gasoline, coal and other fossil fuels, are collecting like a blanket in the atmosphere. (In the last century, carbon dioxide levels in our atmosphere increased by more than 25%.)
- Average global temperatures have increased by 0.8°C (1.4°F) since 1880.¹
- Fifteen of the hottest sixteen years on record have occurred in the 21st Century and 2015 recorded the hottest global average surface temperatures ever – a full 1°C above pre-industrial levels.²
- Scientific models predict a further temperature increase during this century of between 2°C and 7°C with further melting of the polar ice caps and a potential rise of global sea levels between one and two meters.³
- By 2020, between 75 and 250 million people on the continent of Africa are projected to be exposed to increased water stress due to climate change. Worldwide, that number is projected to reach 1.8 billion by 2080.⁴ By 2050, agricultural yields in Africa are expected to decline by as much as 35%.

What do you say?

Take ACTION for justice...

- Lower your impact and find ways to reduce your carbon footprint.
- Choose modes of transportation that reduce or eliminate your fossil fuel consumption.
 - Use longer lasting CFLs or LEDs to reduce energy use and CO₂ pollution.
 - Conserve energy: turn off the lights, reduce air conditioner use, and investigate using "green energy" such as wind or solar power.

Raise your voice: Contact your elected officials and urge them to address the global climate crisis now! Ask them to support investing in a clean energy future, reducing emissions and providing adaptation assistance for those struggling to survive in a changing climate.
