

TIE BREAKERS/CROSSOVERS

If tiebreakers were needed and once they have been determined, in the event that an age group has more than one division (which means that the total number of playoff teams typically exceeds 10), Crossovers seeding games will be used to determine the top 10-12 seeds, with only the top 8 making the playoffs.

- **North #1 vs. South #1:** Winner is #1 seed for the age group; Loser is #2
- **N #2 vs. S #2:** Winner is #3 seed for the age group; Loser is #4
- **N #3 vs. S #3:** Winner is #5 seed for the age group; Loser is #6
- **N #4 vs. S #4:** Winner is #7 seed for the age group; Loser is #8
- **N #5 vs. S #6:** Winner plays winner of the game below; Loser plays loser of the game below, both the following week. These are not officially playoff games but are added as two more league regular season games.
- **N #6 vs. S #5:** Winner plays winner of the game above; Loser plays loser of the game above, both the following week. These are not officially playoff games but are added as two more league regular season games.

In the event that there is not a 6th team in the North or South Division, NJFL will try to schedule a game to fill in until a winner of the other 5/6 game has been determined, likely with the Black Hills Jr. Football League (BHJFL).

In addition, due to the importance of some of these games on playoff seeding, these games are scheduled with priority given to travel first and foremost. Since there are multiple teams in an organization traveling to different sites. If the case of 1v1, 2v2, etc. since seeds are equal going in, the hosting team is given preference as HOME. In the event of equal seeds playing at a site that is not their home field, the division of the home site is the home team, i.e.:

- If AR is playing Orting, if they are both #1 seeds but are playing at Federal Way, FW is a South Team, therefore AR will be the home team since they are in the South division.

Also, if a 5v6 is playing, whichever team is the #5 seed, regardless of division or hosting, will be the home team.

Lastly, All AWAY teams must still provide chains as per the regular season rules.
