- Any length stabilizer may be used
- Any length V-bar, counterbalance and string dampeners may be used as long as it does not touch any part of the body or interfere with others on the line.
- Any length sight bar is allowed
- Magnified scopes are allowed
- Release aid allowed
- Peep and kisser button allowed
- Adjustments to the bow or its equipment is allowed

. Longbow or recurve without sights - RWOS

- One straight stabilizer, coupling device included if used, which does not exceed 12 inches at any time when measured from the back of the bow. (See bow diagram)
- No release aids
- No sights or reference points (peeps, kisser button, and/or extra nocking points) or blemishes or marks on bow or string
- Any part of the arrow rest that extends for more than 1/4 inch above the arrow is not allowed. (For example, whisker biscuits are not allowed in this class).
- No marking of floor, target, or target stand (this will be considered a sight reference).
- Adjustments to the bow or its equipment is allowed

b. Longbow or recurve with sights- RWS

- One straight stabilizer, coupling device included if used, which does not exceed 12 inches at any time when measured from the back of the bow. (See bow diagram)
- No release aids
- No peeps allowed
- No magnified scopes allowed
- Kisser button allowed
- Adjustments to the bow or its equipment is allowed

g. Open Recurve - Open Recurve

- Any length stabilizer may be used
- Any length V-bar, counterbalance and string dampeners may be used as long as it does not touch any part of the body or interfere with others on the line. (See bow diagram)
- Any length sight bar is allowed
- No release aid allowed
- No lenses of any type allowed in sight

- Kisser button allowed
- Adjustments to the bow or its equipment is allowed

Head to Head Eliminations

There will be Head to Head Eliminations till only one winner remains. Head to Head will take place on a WA vertical or one spot, both shooters must use the same target, the advancing archer gets a choice to which side and which target face will be used. For the first match of each division the archer with the higher score in qualification will choose the target face and which side they want to shoot. There will be 3 arrows per end, 3 ends per match. In case of tie a one arrow shoot-off closest to center at the middle bull will declare the winner. Must be two in your Division shooting Money to receive money. All the additional \$10 money in your division goes for first place. If you want to move up to a different money division we may allow this if the majority participating in that division agree that you may do so.
