## XENOPHOBES: LET'S TAKE A QUIZ!

By Steve Bakke  March 2, 2018  
Questions borrowed primarily from Larry  
Elder's article as attributed below

If there's anything that can get bi-partisan agreement it's immigration reform. And as a first step to getting all of the issues settled, it should be easy to fix the DACA situation ("Dreamers") if both sides agree to compromise. It's right in front of them if they want to get it done. The President has offered a proposal as a place to start. If the Democrats want to fix DACA, they should be willing to give the President something he wants – e.g. agree to his border security funding request. He showed what he's willing to do with the budget agreement (perhaps unfortunately), so they should do likewise.

I'm sick of hearing about how evil the President and Republicans are on the DACA matter. Along with sending the matter to Congress for a solution, as recommended by Obama, Trump has stated his sincere desire for a humanitarian solution. But he's learned that he won't get any of his other priorities addressed in a vacuum – i.e. by itself. He has to wrap those things with a Democrat priority before anything will get done. That's what Democrats do as well!

Congress has been going around in a circle on immigration reform for a generation at least, and there have been culprits on both sides of the political divide. But democrats come to every press conference or hearing as if they're dressed in "white robes and halos," as if they are the "good guys." To show how hypocritical Democrats have been I went looking for some history of their prior comments on the matter. I came across it a few days ago in an article by Larry Elder which I found on both of these websites: [www.JewishWorldReview.com](http://www.JewishWorldReview.com) and [www.Townhall.com](http://www.Townhall.com) .

Here is just a portion of that article, "Take the 'Racist Xenophobe' Quiz: Who Said This About Illegal Immigration?" **The balance of this report is mostly selections from Elder's article. I have made two additions of my own, which have been clearly indicated.**

---

*Which alleged "racist xenophobe" made these statements about illegal immigration?*

*"Those who enter the country illegally and those who employ them disrespect the rule of law, and they are showing disregard for those who are following the law. We simply cannot allow people to pour into the United States undetected, undocumented (and) unchecked, and*
