#### How to Play:

- Items will be displayed for bid for guests to see. When the auction begins, auctioneer gives a description, retail value, and how many quarters are needed to bid per item.
- If interested in the item, place bid in container on the table and hold up a numbered paddle.
- When all bids are collected, the auctioneer will draw a number. If the number on a raised paddle matches the number drawn then that person wins the item, if the auctioneer draws a number and that paddle is not raised another will be drawn up to three draws, then closest wins.

- 3 Quarter Bid—retail value of \$51 - \$75
