PRESIDENT’S MESSAGE—Ruth Ehlers

Perhaps you are one of those who, like me, mailed post cards to President Trump to show your support. With all the negative protests that continue, he needs to know those of us who voted for him continue to support him. In the same way we need to continue to support our Senators and Representatives and let them know how we want them to vote on the various bills that come before them. When they continue to hear from only the “naysayers” it is difficult for them to know what their constituents want.

A couple of suggestions from Past County Chair Lois Dunn:

Make it a point to contact our Senators and our Congressional Representative at least once a week – or more. Make 1 succinct comment per call to be counted. Write down your thoughts so you will be ready to leave a specific message regarding the issue you are calling about.

By the time you are reading this, the hearings will be in progress for Judge Neil Gorsuch. From all accounts Judge Gorsuch is a man of impeccable character and should be easily confirmed. However, given the climate of dissention in the Senate these days he may face some difficult questioning. This is a time when we as constituents need to contact our Senators and let them know we expect them to vote for this nominee. Not only is he a respected Jurist, but also has been a valued Judge here in Colorado. If you are not in the habit of contacting our Congressional Representatives now is just the time to start.

Closer to home, the State Legislature is working on a number of bills which affect us and we need to be aware of what these bills are. HD 55 Rep. Dan Thurlow held a town hall meeting a couple weeks ago and outlined the various bills he is working on. To keep up to date with the bills being brought forward you may go to website **leg.colorado.gov**. There you will find the bills in process along with the schedule for each day.

The contact information for our Senators and Representatives are:

Rep. Scott Tipton – 241-2499

Senator Cory Gardner – 245-9553 or (202) 224-5941 Senator Michael Bennet – (202) 224--5852

State House District 54 Rep. Yeulin Willett – (303) 866-2583

State House District 55 Rep. Dan Thurlow – (303) 866-3068

State Senator Ray Scott – (303) 866-3077

Your elected officials will appreciate your comments – and don’t forget to give them some thanks for their work in our interests! HAVE A GREAT APRIL! - Ruth

MCRW’S MARCH HONOREES

SUSAN B ANTHONY & ELIZABETH CADY STANTON

Prominent 19th century suffragist and civil rights activist Elizabeth Cady Stanton (1815-1902) became involved in the abolitionist movement after a progressive upbringing. She helped organize the world’s first women’s rights convention in 1848, and formed the National Women’s Loyal League with Susan B. Anthony in 1863. Seven years later, they established the National

Woman Suffrage Association. With her advocacy of liberal divorce laws and reproductive self-determination, Cady Stanton became an increasingly marginalized voice among women reformers late in life. However, her efforts helped bring about the eventual passage of the 19th Amendment, which gave all citizens the right to vote.

Susan B. Anthony was born February 15, 1820 in Adams, Massachusetts. She was brought up in a Quaker family with long activist traditions. Early in her life she developed a sense of justice and moral zeal. After teaching for fifteen years, she became active in temperance. Because she was a woman, she was not allowed to speak at temperance rallies. This experience, and her acquaintance with Elizabeth Cady Stanton, led her to join the women's rights movement in 1852. Soon after, she dedicated her life to woman suffrage.

In 1869, Anthony and Stanton founded the National Woman Suffrage Association. Anthony was tireless in her efforts, giving speeches around the country to convince others to support a woman's right to vote. She even took matters into her own hands in 1872, when she voted illegally in the presidential election. Anthony was arrested for the crime, and she unsuccessfully fought the charges; she was fined \$100, which she never paid.

Anthony, who never married, was aggressive and compassionate by nature. She had a keen mind and a great ability to inspire. She remained active until her death on March 13, 1906.
