

CELESTIAL DOMES OF PROPHETIC TIME

The purpose of this illustration is to suggest that the Temple Mount platform is construed to mimic the Biblical axiom, 'The Sun, Mon and the Star'. Each of the 3 main Domes on the platform corresponds to a celestial body and matching color, which silver, gold and white or that of a diamond. The al Aqsa mosque corresponds to the silver color and the Moon. The Dome of the Rock with the golden dome corresponds to the Sun. The Dome of the Tablets which is white corresponds to the Stars. Also these 3 domes are in approximate phi ratio to each other. This illustration suggests that the Dome of the Spirits is the exact spot of the Holy of Holies where the Ark of the Covenant will one day be revealed and placed in the coming 3rd Temple.

For example, this Temple Mount typology of the celestial order of bodies is also replicated in Teotihuacan. The House of *Quetzalcoatl* is called the House of the Shining Serpent. Jesus Christ fulfilled the prophecy of the Bronze Snake that took the venom of sin. During the Abomination of Desolation, the other 'Shining Serpent' or Dragon will sit on the Ark of the Covenant and demand worship
