

South Carolina Coastal Seniors Quota Rules

Basis of Competition

- SCCS tournaments are individual medal play tournaments using a modified Stableford System for scoring.
- Scoring is on a hole by hole basis:
 - **1** point for double bogey;
 - **2** points for a bogey;
 - **3** points for par;
 - **4** points for a birdie; and
 - **5** points for an eagle.
 - **0** points for triple bogie.
- Par is **54** points.

Initial Quota – New Members

1. Developed based on your current Ghin index at the time of your first event
2. Tournament handicap calculated using the Ghin index based on the course rating and Slope of the SCCS course and tee box being played.
3. Your Quota will be your Tournament Handicap subtracted from 54.
4. After playing in one event your quota will be adjusted based on performance.

Quota Adjustment

1. Quota is determined based upon your previous performance in SCCS events and adjusted after each tournament.
2. Quota will go **up 1** point for every 2 points scored over your quota (**maximum adjustment +4**). For example: differential of +5, results in a +2 adjustment.
3. Quota will go **down 1** point for every 2 points scored under your quota (**maximum adjustment - 2**). For example: a differential of -3, results in a -1 adjustment.
4. No change in Quota for +/- 1 or zero difference.
5. This is your new Quota for the next tournament.

Special Quota Adjustments

1. Changing Tee Box assignment
 - a. Based on the slope differential of the course being played.
 - b. Generally, +2 points are added to your Quota when you move up a tee box.
 - c. Tee box selections are confirmed at the beginning of each season: November
 - d. Tee box change is allowed **ONCE** during the season.
2. A “home course” adjustment may be made based on the discretion of the Tournament Director.
