

Vote for The Members' CHOICE

Watch for other Members' Choice flyers and literature outlining our platform and how we are working to build a stronger union to protect our members!

Members' Choice candidates put together a year-long plan for unity with members at Triumph so we could take back some of the concessions from the 2013 contract AND ADAMANTLY OPPOSED the divisive contract that stole pensions from our members at Boeing!

Members' Choice Candidates working for change...

These candidates are strong, outspoken leaders, who put members' interests first.

One example is...**Members' Choice candidates worked hard for nearly a year, networking with union members nationwide and getting input, to pass a membership bill of rights to prevent forced contract votes in the future. This Bill of Rights was passed on Sept. 6, 2016:**

- Contracts can only be implemented by honoring the outcome of a vote of the members;
- No contract can be re-negotiated/opened at other than expiration without a majority vote of the membership;
- The date, time and location of contract vote shall be determined by District or Local leadership, taking into account the convenience and availability of the membership to participate in the voting process;
- Once the union leadership at any level receives a request to bargain from an employer, the bargaining unit membership must be notified.

"I support the Members' Choice candidates because they stand up for the membership and work to make sure members' voices are heard. I appreciate Steve Warren and the work he has accomplished as our Business Rep in Eastern WA. He works to improve the standard of living in dozens of different contracts, and he has demonstrated the work ethic and energy to successfully represent a membership employed by multiple employers in many different industries."
