

HARDSCAPE GROUP LANDSCAPING IS AN INNOVATOR IN THE FIELD

— Sandy Conrad
sconrad@fvshopper.com

With twenty years of experience and a talented staff of eight, Clemente Garcia has garnered a stellar reputation for innovative residential and commercial landscaping. He believes that the experience and knowledge of his team is unparalleled in their field.

Specialties of his business, Hardscape Group Landscaping (9923 Walker Road, Yorkville, 815/267-8451) include Retaining Walls, Waterfalls, Outdoor Kitchens and unique Brick Patios. Customers hail from Plainfield, Joliet, Naperville, and as far as Wheaton, as well as the entire Fox Valley Area in Kendall and Kane Counties.

Hardscape Group's award winning landscaping features durable, beautiful stock from local nurseries to complement any property. The business is proud to be associated with two major suppliers of exceptional, high quality hardscape enhancement products, Ground Effects of Yorkville and Unilock.

Garcia works closely with every client, from initial concept designs to budget and scheduling, to make certain that the vision is one and the same to ensure that both will be proud of the finished product.

A full service landscaping development company, Hardscape Group recognizes that client needs can be vastly different and require different specific approaches and solutions. In that regard, Garcia actually considers his clients an integral part of the team. Complete satisfaction is the ultimate goal of every project.

If you have the addition of landscaping or construction of something new in mind for the upcoming warm weather season, do not hesitate to call Clemente Garcia soon to schedule a no obligation meeting in which to investigate options to suit any budget. The addition of an outdoor eating area or patio can considerably increase your living space and add to the property's value. Check out the various pictures which accompany this article for some beautiful ideas.

Hardscape Group Landscaping of Yorkville is a professional company that you can certainly trust.
