Archery Equipment

Archery's Standard of Excellence

The
story of
Excellence
unequaled

Golden Sovereign equipment has been designed, crafted and perfected by expert bowyers to the uncompromising standards of exacting archers who settle only for the outstanding. Golden Sovereign is not intended for those who are easily satisfied with just any brand of equipment. It is intended solely for those who want the assurance of using the finest.

The true proof of Golden Sovereign quality is in the shooting. Mere words can't do justice to the pure pleasure and precision performance of a Golden Sovereign bow in action. There's the immediate recognition of fine balance. The exultant feel of its incredible cast. The solid assurance of dead-true accuracy.

Take one, nock an arrow, draw and release . . . discover for yourself this wonderful moment of astonishment.

Guarantee

Golden Sovereign bows are guaranteed for a period of one year from the date of purchase not to be defective in either workmanship or materials. Should fault occur within one year from date of purchase, free repair or replacement will be made by the factory . . . providing the registration card, which accompanies each Golden Sovereign bow, is filled out and mailed to the factory on the date of purchase.

Lord Sovereign

A popular favorite of professionals, national and international tournament champions. The superb Lord Sovereign . . . fast becoming recognized as being truly the world's finest bow. The Lord Sovereign expresses the finest in the art of bow making, with distinctive design features such as a massive overdraw and handle handcrafted from rich, imported Brazilian Rosewood that has been hand-rubbed to a deep long lasting finish. A precision shooting instrument with exceptional speed, feather-light balance and hair-line accuracy powered by hand selected, high tensile fiberglass laminates. For those who want the ultimate in performance.

Available in two lengths—68" and 66" and in all tournament weights. Comes complete with padded bow case, custom bow string and removable, pressure-sensitive felt arrow plate and arrow rest.

No. 1021—Lord Sovereign—66" 115.00

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

Lady Sovereign

For the delicate touch of feminine hands . . . the new Lady Sovereign. A scaled-down version of the famous Lord Sovereign . . . lighter, smaller, but with the same outstanding features as its counterpart. Perfect weight balance and offset grip. Made expressly for the lady professional and tournament archer who demands nothing less than flawless performance. The shorter length of the Lady Sovereign enables easier handling without sacrifice of smooth draw and release. Has the same immaculate hand-rubbed finish as the Lord Sovereign with the distinctive finishing touch of the exclusive royal purple arrow rest and arrow plate . . . easily removable to accommodate other types if desired.

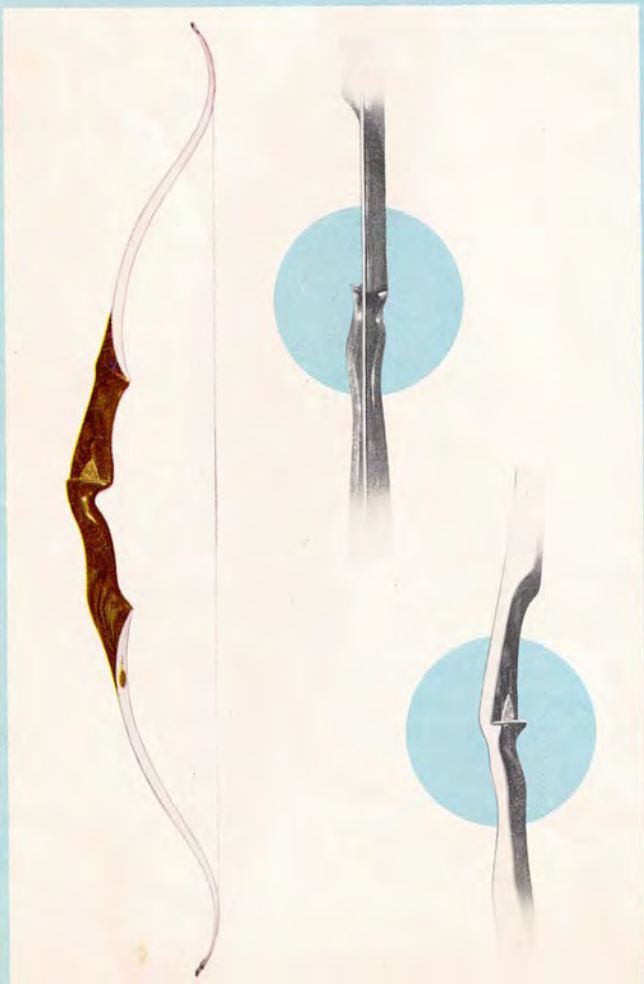

Available in 64" length and in all tournament weights. Comes complete with padded bow case and custom bow string.

No. 1022—Lady Sovereign—64" \$115.00

Golden Emperor

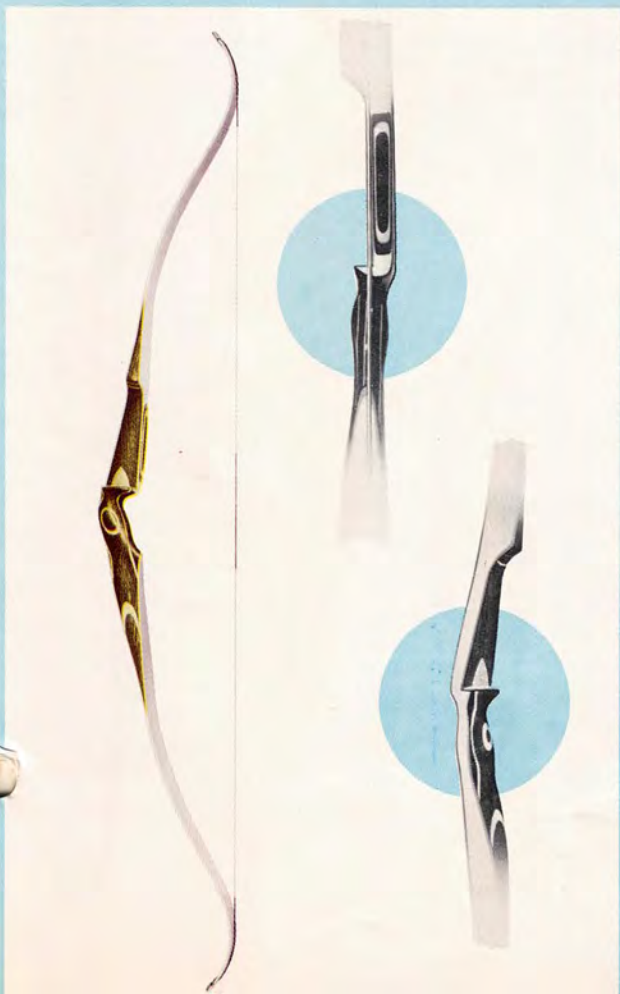

This distinctive bow was designed to reign supreme in tournament competition . . . designed solely to master the art of accuracy. The Golden Emperor is a tournament classic with perfect balance, remarkable cast and an almost inbred sense of precision. The deflex design of the Golden Emperor is particularly for the discriminating archer who is seeking true stability as well as cast with the extra features of fully recurved limbs, high riser with center-shot window and offset pistol-grip handle for a perfect grip every time. Handsomely finished from select multi-colored hardwoods and high tensile fiberglass facing and backing. A bow that will always reflect the good taste and high quality standard of its owner.

Available in two lengths—68" and 66" and in all tournament weights. Equipped with custom bow string and removable, pressure-sensitive felt arrow plate and arrow rest.

◀ Golden Monarch

A brawny beauty that excels in both target and field. The flashing performance of the Golden Monarch can be attributed to its extreme stability, plus such design features as a man-sized pistol grip and extra-wide overdraw. These advantages make it rock-steady at full draw and silk-smooth on release. And, like all Sovereign bows, the Golden Monarch has the popular offset grip . . . an exclusive feature found only on Golden Sovereign bows.

No. 1003—Golden Monarch—66". Wts. 30 to 65 lbs. **\$74.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

Golden Regent ▶

The Golden Regent sets a new standard of excellence in modified working recurve design. An extremely versatile bow that can not only serve as an ideal all 'round companion for range and field but for hunting use as well. This princely Sovereign has all the quality craftsmanship and shooting ability inherent in every Sovereign bow . . . with smoothness and control far beyond your expectations. Handsomely finished in multi-colored hardwoods with high tensile fiberglass facing and backing.

No. 1005—Golden Regent—66". Wts. 30 to 65 lbs. **\$52.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

◀ Golden Conqueror

With the Golden Conqueror you'll discover an unusual bow that struts a rare blend of beauty, balance and brawn. The controlled power of fully recurved limbs give the Golden Conqueror real game-getting authority. The offset grip (an exclusive Golden Sovereign feature), enables the bow hand to assume a perfect grip on the bow every time . . . even on fast hunting shots. From big bruins and bucks to bounding bunnies—this lean sinewed bow is built to buckle the best of 'em.

No. 1006 — Golden Conqueror — 62".
Wts. 35 to 75 lbs. **\$57.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

Golden Crusader ▶

A tough little woodsman that is capable of taking its toll of even the largest game. The Golden Crusader is functionally short for use in heavy brush, tree blinds and confined shooting positions. And, although short in length, it is so designed to virtually eliminate "stacking" at full draw . . . for its 54" length, cast and release are amazingly smooth. Whatever the game or hunting terrain, this carbine of archery weapons is a worthy and reliable challenger.

No. 1007—Golden Crusader—54". Wts.
35 to 75 lbs. **\$64.50**

Silver SOVEREIGN Bows

Silver Marauder

Here's a 62-inch powerhouse that delivers real "buck busting" power. The Silver Marauder . . . short in length, light in weight with Sovereign quality from end to end. Laminated construction throughout with full working recurved limbs that unleash thunderbolt destruction on even the most wily game. The Silver Marauder has the easy-to-handle feel bow hunters prefer . . . can be handled in brush or blind with ease. Designed especially for those who want top performance at a moderate cost.

No. 1010—Silver Marauder—62" Wts. 35 to 75 lbs. **\$44.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

Silver Highlander

The Silver Highlander gives you Sovereign quality at a modest investment with the same fine heritage, pedigree performance and dependable design found in every Sovereign bow. It has styling, spirit and stability just made for the game trails, with such outstanding features as modified working recurved limbs, self-aligning contour handle section, fullview sight window and laminated construction of select hardwoods and fibreglas. A husky hunter for those who have yearned for a medium priced hunting bow with Sovereign power and performance.

No. 1008—Silver Highlander—66". Wts. 30 to 60 lbs. **\$39.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

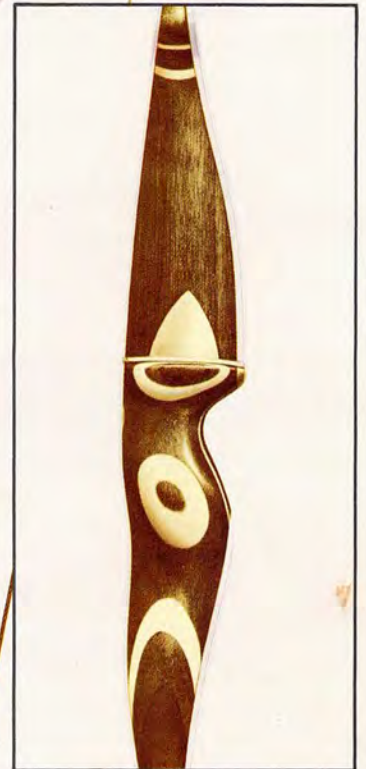

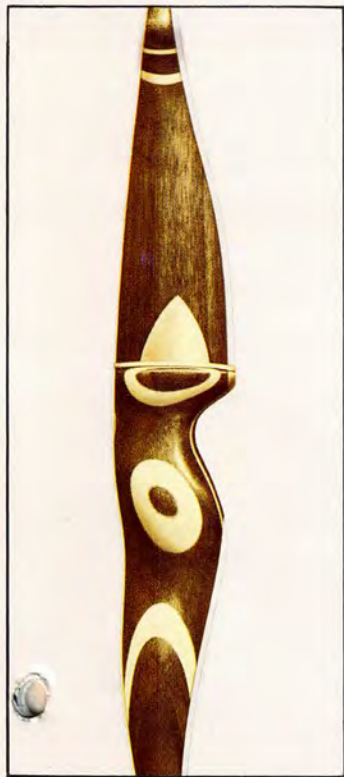

Silver SOVEREIGN Bows

Silver Tartan

Only the experienced know-how of Sovereign craftsmen could produce this budget beauty. Yet, the Silver Tartan has genuine Sovereign quality no matter how you look at it! Its simple design and trim, clean lines include semi-reflexed limbs, tapered overdraw, full-view sight window and laminated construction of select hardwoods and fiberglass. Every fine feature functions harmoniously to deliver peak performance. So whatever your archery pursuit might be—target, field or small game hunting—the Silver Tartan is a prince of a performer.

No. 1009—Silver Tartan—64". Wts. 25 to 55 lbs. **\$29.50**

Left hand models available on special order at no additional charge. For left hand bows, allow three weeks delivery.

Amster Training Bow

Recognized by professional archers and leading indoor automatic archery ranges as being the greatest teaching aid improvement to date! A necessity for all dealers, ranges and school programs. The Amster Training Bow has a draw weight of only 4 pounds . . . enabling beginners to learn quickly the basic fundamentals of good shooting form—the draw, anchor and release. So light the bow can be held at full draw while checking correct form . . . can be released without arrow. Comes complete with instructions.

Golden Sovereign

ADVISORY STAFF

Golden Sovereign designers and craftsmen maintain a close association with a number of outstanding archery champions to continually improve and perfect Golden Sovereign equipment. It is through this close association, for the most part, that quality standards are established to which Golden Sovereign equipment is eventually produced.

The archers pictured here are all members of the Golden Sovereign Advisory Staff. All are either past or present national or international archery title holders and all are members of the Professional Archers Association. Their vast experience in competitive archery and continued top performance year after year lends knowledge of substantial assistance in the development of Golden Sovereign products and ideas. Another good reason why Golden Sovereign is archery's standard of excellence.
