

Dear Members, we hope this update finds you and your families well. Natalie and I can't wait to see you all back at the club as we are happy to announce, we finally have a date for our reopening and hope that you all can join us. According to the information released most recently we can return to the club as of October 30<sup>th</sup>, so our first day back will be:

**Saturday, October 30<sup>th</sup> – 1<sup>st</sup> Session Back**

**9.00am – 10.00am –Mini Roos**

**10.00am – 11.00am –Joeys**

**11.00am – 12.30pm –Adults**

**Requirements**

**Ages 16 years and above:**

- must be double vaccinated to enter the club
- must check in using the Victorian Services App with certified Vaccine Certificate
- or fill in the login sheet and show the Certified Vaccine Certificate
- or provide a certified medical exemption
- must wear a mask when off the mat (entering, exiting, or sitting in the club)

**Ages 12 and above:**

- are not required to be vaccinated at this stage but will let you know when changes

**Ages 12 and under:**

- Do not need to be vaccinated

**Venue Capacity**

On return, we must adhere to a density quota for some period, so we ask if parents can please drop off their kids and pick them up to ensure we stay under the quota limited. If you need to stay as you have multiple children at different times please ensure only 1 adult fully vaccinated stays, we will have the roller door open & seating outside to assist with social distancing and to allow a safe place for children to wait till picked up behind the gate.

**Parents not vaccinated**

Your children are still welcome to attend and like other parents, we ask if you can please drop off your kids and pick them up. We will have the roller door open, and gates shut to allow a safe place to wait till picked up.

Please understand that we do not judge individuals or families for their choice to be vaccinated or not, but understand that we will be following the restrictions as we do not want to take the risk of receiving a fine or being shut down.

We truly hope that things do change in the future to accommodate everyone and their choices. Please understand that this has been challenging for Natalie and I, as we have done everything in our power to keep the doors open and remain open.

If you have any questions or concerns, please let us.

Regards Natalie and Dennis
