

AUSTIN RENT ASSISTANCE

RENT ASSISTANCE HELP NOW!

Did you know there are many ways to get help for your rent and even save money?

This assistance can be broken down into two different categories –

LOW INCOME ASSISTANCE & **COST SAVINGS!**

Let's start with COST SAVINGS...

Did you know that the average renter can increase their monthly income by 25% by stopping unneeded services and other expenses? Here is a list below of the most common expenses that may be overlooked.

It is also often overlooked how much just a few items can add up to --- don't just assume that a few extra expenses every month may not be preventing you from paying necessary bills!

1. It is recommended to print this worksheet out and to mark all of the expenses you may have.
2. Add up ALL the expenses that you have on this list and find out how much you could be saving every month...

And remember, getting assistance may not solve a money problem if expenses are not fixed!

COST SAVINGS LIST

<input type="checkbox"/> / <input type="checkbox"/>	TRANSPORTATION	BIKE	\$5	\$50	Biking to nearby locations can save up to \$50 a month

HOME HEATING AND AC:

Half of your energy cost could be lost. Patch door frames, window and wall holes and watch your bill drop. More than \$100 can be saved per year by blocking sunlight - Block windows with film, cardboard, wood or fabric. House temperature: Keeping the house temperature at 82% versus 75% can reduce your electric bill IN HALF.

PAYDAY LOANS:

Most payday loans are taken out to cover regular expenses (bills, etc.), not emergencies. If they couldn't use payday loans, most borrowers would either cut back on expenses or borrow from family and friends. Payday loan borrowers typically repay their loans by...cutting back on expenses and borrowing from family and friends! In other words, combining these findings, we see one simple truth: Most poor people, if they didn't take out payday loans, would not die. They would not be out on the street or crippled or starving. Instead, they would simply be wealthier. For this reason, many states, and the federal government, are all actively looking into legal restrictions on payday lending; some have already done this.

RENTING:

How much is that rented TV really costing you? At 10% interest with hidden fees - that TV may be costing you DOUBLE of what it would be to save for 3 months and buy a NEW one.

KIDS - SUPPORTING GROWN UP KIDS:

Did you know that helping your child financially could prevent your child from making their own living? Are they 18? Cut them off so that they can learn how to fix their own problems to become independent adults! KIDS: Do kids really need the popular shoes if 1 pair of shoes = having to work 5-8 hours? (\$50.00)

FAMILY LOANS:

Stop it, don't be an enabler. Almost always, by lending you are not allowing the person to fix their own problem. In addition, you are likely to not get the money back and you may damage the relationship beyond repair when it comes time to ask for the money back. Practice saying... "I am sorry, I do not have money to lend you at this time". Unless you have more than \$10,000 in savings for unexpected bills, your family costs, etc - then you are NOT in a position to lend any money to anyone.

TALK TO YOUR FAMILY ABOUT MONEY:

Simply talking to your spouse and kids about expenses and things to buy can save a lot of money - Planning! Make a fun game out of it, get a jar for your kids to collect change in - teach that it cost money to buy things and that saving comes with reward! Learning this at an early age helps children to be prepared for the future.

CELL PHONE PLAN:

Fees & Data plan can cost an additional \$50 per month.

CELL PHONE COMPANY:

Did you know simply calling your phone company and asking for discount can reduce bill?

CELL PHONE FEES:

Additional fees, downloading apps and having a data plan cost an additional \$50 per month.

GIFT GIVING:

Gifts especially add up. Did you know that someone remembers a personal letter more than any gift?

HOUSING:

Having a roommate could results in more than \$400 of savings. To look for a roommate, try www.craigslist.com to post that you are looking for a roommate. If you do not have a computer, then you can contact many of the services listed that will help you post an ad that you are looking for a roommate of even find one for you!

WORK:

Most very successful people worked 80 hours a week early in life, think about it. Yes - including Michael Dell & Bill Gates.

Did you also know there are many new businesses that offer errand services that don't even require skill?

For example, you could pick up groceries for someone, watch their kids for an hour, drop someone off, wash their car, etc, etc.

Some of these gigs are listed on <https://austin.craigslist.org/ggg/>, <http://www.jobhustler.com/jobs/austin/Labor-Gigs.php> - and MANY-MANY other sites offering random gigs for an hour to full time work. If you don't have a computer, ask a support center that has computers or talk to someone at the listed services that can look for gigs for you.

ENTERTAINMENT:

There are so many more FREE movie places now - call 311 to ask about FREE movies & events.

HABIT:

Wait 24 hours before making an impulse buy to decide if you really need it - NEED vs. WANT. Most of the time, after waiting 24 hours, you will forget about what you were thinking about buying in the first place:)

HABIT, NEED --VS-- WANT:

Try this - don't buy it until you need it. Seems simple, but saves a lot over time.

HABIT, STORE FUN:

Don't go to a store for fun, you end up just buying stuff that accumulates.

HABIT, IS IT A GOOD BUY?:

For every purchase - ask yourself, "Will this make me money or cost me money?"

PAYING OFF DEBT:

Paying off the highest interest rate loan could easily save up to \$100 per month.

FOOD:

Eating in instead of going out can easily save more than \$100 per month.

CAR:

Keeping tires properly inflated and car tuned up can save over \$100 a year in cost.

ELECTRIC OR GAS COMPANY:

Did you know that just calling to ask for reduced rate can reduce your bill? Ask about any rebates or other discounts that may be available.

Did you know that you could get rent, utility bill and other assistance now by just calling?

Many churches and charities in Austin currently have financial assistance programs and support.

Here is a list below...

If you find yourself in hard times, and have fixed 100% of all expenses above then (1) print this out (2) check off each one as you call each different help person one by one! ~ You will have success!

GOVERNMENT ASSISTANCE

Texas Assistance and Aid Programs

You can get assistance and grants in all [counties and cities](#) in Texas, including Houston and Dallas. Get help for rent, utilities, free food, and health care. Also, in addition to the state programs listed below, find organizations and charities in Texas that can provide additional assistance with many different types of bills.

The Texas Health and Human Services Commission (HHSC) manages the operations of the entire health and human services system in the state. It is made up of other agencies and it provides administrative oversight of all of Texas health and human services programs. Assistance programs and grants offered include:

Rental Assistance

Programs offered by the Texas Department of Housing and Community Affairs (TDHCA) provide vouchers to assist those in need with paying their rent. Also get assistance with fees and security deposits. 1-800-525-0657 to find additional ways to get rent help.

Mortgage and Foreclosure Aid

Texas offers programs that can help you with paying your mortgage and also avoid foreclosure. Local resources, including government and non-profit assistance, can help qualified homeowners. [More details](#).

Also [click here](#) for a listing of HUD counseling agencies that provide free foreclosure counseling.

Texas Medicaid Program

This is the Federal and State cooperative program that helps provide medical coverage to eligible needy persons. The purpose of Medicaid in the state of Texas is to improve the health of people who might otherwise go without adequate or proper medical care for themselves and their children. There are also ways to get free health care, prescription drugs, and more.

Food Stamp Program

The Texas Food Stamp Program will help people with lower incomes and resources buy the food they need for their good health. Food stamps are typically provided to a single family or person who meets the program's requirements. 1-877-541-7905

Emergency Food Stamps

Emergency food stamps are also sometimes called or known as expedited food stamps because the benefits are given faster to those families and individuals in an emergency situation.

Temporary Assistance for Needy Families (TANF)

To receive a TANF grant, a family must be below both resource and income limits that are set for the program. HHSC will look at a family's income and then compare it with the amount the family pays for bills including basic needs such as utilities, rent, child care, outstanding debts, and other work-related expenses. All resources such as money in the bank, cash on hand, and type of vehicles you own are also considered. Families who are approved for the TANF program will receive cash payments for six months to help with bills and debt. Families who receive TANF benefits can also receive Medicaid benefits.

One-Time TANF

One-time TANF grant payment will provide a \$1,000 payment in cash for families that are in a short term crisis. Phone 1-877-541-7905. The purpose of the one-time TANF payment is to help families with a short-term crisis such as:

- Loss of a job.
- Not being able to get to their jobsite because their vehicle is not working.
- Loss of financial support they were receiving for a child, such as loss of child support. The payment can help with paying living expenses (utilities, rent, and food).
- Not being able to find a job after graduating from a college, university, junior college or technical training school.
- Loss of an apartment or home.
- Medical or health care emergency.

One-Time TANF Grandparent Payment

The One-Time TANF Grandparent Payment is a \$1,000 payment in cash that is given to a grandparent who cares for a child receiving TANF.

Employment Services, Case Management, and Grants

Low income families in Texas can receive a number of services from a community action agency. Case managers can help you find a job, access education services, and apply for government grants. [More community action agencies in Texas.](#)

Texas Employment and Training Assistance

Individuals that are seeking additional training, experience in the workplace, or that are unemployed can get help in searching for jobs and gaining new skills. Workforce Solution Offices administer several services for residents. Find more information on [job training in Texas.](#)

Disability Resources

Texas offers assistance programs for disabled individuals and their caregivers. The Department of Disability Services is the lead agency and can provide information on medical care, in home services, home modifications, and provide assistance with the application process and other forms of financial benefits. More [disability programs in Texas](#).

Legal Aid

Receive free legal services. Programs that offer advice and representation are available for qualified low and moderate income Texas residents. [Learn more](#).

Womens Health Program

The Women's Health Program will provide some Medicaid services to women who are aged from 18 to 44 and who have limited incomes. This program will provide one year of assistance / coverage and it can be renewed each year the woman qualifies.

Childrens Health Insurance Program (CHIP) Perinatal Coverage

The CHIP program, which is perinatal coverage, will provide prenatal care for pregnant women who meet certain income requirements, if the applicant does not qualify for Medicaid, and if the person does not have any other health coverage. 1-877-543-7669

Low-income children can receive health care coverage from this program through the Children's Health Insurance Program (CHIP) or the Children's Medicaid program. Both of these programs will provide a wide range of benefits to keep kids healthy, including immunizations, doctor's visits, prescription drugs, lab and X-ray charges, eyeglasses, hospital care, and dental services.

Energy and Utility Company Programs

While assistance programs for paying energy bills are offered in your county per the resources below, other financial aid programs are administered by non-profits and directly by power companies. More on [Texas utility assistance](#) programs.

Texas Senior Assistance Programs

The Department of Aging and Disability Services offers resources for senior citizens and people over 55. The agency is also one of the leading providers of free information, referrals, and advice on government and emergency assistance. [Click here](#).

Rental Vouchers in Texas

The primary program is section 8, however there are also resources for the disabled and senior citizens. The federal government housing choice voucher program can pay a portion of a beneficiary rent. [Read more](#).

Social Services and Government Aid

The leading organization to contact is the Texas Health and Human Services Commission. Resources offered range from free medical and dental care, to food assistance and energy bill help. [More public assistance in Texas](#).

Financial Assistance for Crisis

While funding is limited, and only qualified people may get help, the Salvation Army is a leading charity to call for assistance. Programs can help pay rent, utility bills, provide food and vouchers, and other aid. [More Texas Salvation Army emergency assistance.](#)

Texas Eviction Assistance and Programs for Homeless

A number of non-profits focus on both preventing homelessness and offer rehousing services. Government grants can be obtained for paying rent, free legal aid is available for eviction prevention as well as financial assistance for security deposits. Shelters and low income housing sites are other options. [Click here.](#)

Debt Consolidation, Credit Card Bills, and Financial Counseling

Contact credit counselors from non-profit organizations for low cost or even free advice. They can work with you to help you develop a budget, get out of debt and pay bills. More on [Texas credit counseling.](#)

Texas Food Banks and Distribution Centers

Get information on where to go to in Texas for free food and groceries. Food banks and pantries offer food and groceries to people who need help. [Learn more.](#)

Child Care Subsidies and Financial Aid

Low income families that are working, attending school or training for a job may qualify for assistance on a portion of their child care costs. Workforce Solutions offices in Texas oversee this state and federal government grant program. [Click more information.](#)

Community Clinics for Health Care

Hundreds of clinics and medical centers are located across Texas, and many of them can provide low cost, or maybe even free, health and/or dental care to patients. [Click here.](#)

Medical Care and Assistance for Uninsured

Several programs are available for residents who lack health insurance or who are underinsured. The state and partner agencies will provide services such as free medications, specialty care, checks ups, coverage for preexisting conditions and more. [Continue Texas uninsured medical care.](#)

Dental Care and Related Services

A large number of community clinics, non-profits, and medical providers offer the low income, people with limited or no insurance with dental care. Get information on [Texas dental clinics.](#)
