

# **The Peach Stand**

The Peach Stand exists to create a culture of connection by providing fresh and local products to our customers while delivering superior customer service.

## **What We Do**

We work hard to connect our consumers with locally made products and locally grown produce. We believe that our business is for everyone from 1 to 101 and we want each and every person to experience the benefits of eating locally.

Since 1976, our store has been selling local produce grown here in Fort Mill like peaches, strawberries, blackberries, and garden produce. Over the years, our store has evolved into one of the most iconic places in our town. We are proud to have a custom butcher shop, a bakery, a restaurant, an ice cream parlor, fresh produce, and over 100 products local to our area.

## **The Peach Stand Restaurant Team Member Overview**
