

WHITE BEAN KIDNEY EXTRACT is a well-known carbohydrate blocker and it breaks down carbohydrates very easily. Long known to be a highly nutritious source of fiber and minerals, it is now thought to interfere with the absorption of complex carbohydrates (pasta, breads, potatoes, etc.); and as a starch blocker, White Kidney Bean is said to be very helpful in weight loss programs.

White kidney bean extract may also be beneficial for lowering triglycerides, degenerative arthritis, coronary artery disease and obesity because of the ability it has to inhibit the body's digestion of complex carbohydrates.**

KEEP OUT OF REACH OF CHILDREN. Not intended for use by persons who are pregnant/ nursing.
