## Kelly Buttermann

Kelly Buttermann has been an artist at heart since she was young. Though she didn't pursue art as a career until after she raised her three incredible children. She is a self-taught folkartist and works in a variety of forms – whatever fits her fancy at that time. She creates soft fabric sculptures recycling new and used materials and fibers. Additionally, she is expanding her artistic talents into unique art quilts utilizing rope and fabric to build 2D and 3D pieces. Her work has been shown in multiple galleries and is brightening the interiors of houses all over the United States and Europe.
