## **Florida Businesswoman Gives Back to Bring Restoration and Healing to Victims of Narcissistic Abuse**

**Orlando, FL** – May 7, 2019 – Kendall T. Johnson, International Stylist and Manager of Celebrity Status Hair Studio is giving back to her community with the recent development of Narcissistic Abuse Survivors, Inc. (N.A.S.), a nonprofit organization based in Orlando, Florida, specializing in providing strategies for healing the trauma of emotional and mental abuse.

“Narcissistic abuse often impacts the lifetime of an individual,” notes Johnson. “The narcissist could be a spouse, significant other, parent, child, friend, or co-worker. I believe so strongly in this mission to help others break free and stay free from toxic relationships, that I’ve created the organization with proceeds from my hair salon and beauty products.”

In recognition of World Narcissistic Abuse Awareness Day on June 1, N.A.S. will host a “**5K Walk for Survivors**” at Cranes Roost Park at Uptown Altamonte, in Altamonte Springs, Florida. The event will serve to join global forces that bring healing and restoration while helping to raise awareness of the devastating effect of mental, emotional, and physical abuse of women and girls. The 5K walk will end with a closing ceremony, including a special presentation by Johnson and the event’s corporate presenting sponsor, Create Your Own Reality. Registration to participate as a 5K walker, sponsor, vendor, or to donate to the cause can be done through Eventbrite at: <https://www.eventbrite.com/e/world-narcissistic-abuse-awareness-5k-walk-for-survivors-tickets-60918556041>.
